HUERTA'S ELIMINATION A MATTER OF FEW DAYS

Upon Receipt of News From Foreign Countries, Wilson Withholds Statement.

HUERTA IS URGED TO RESIGN

Members of Political Family Advise Him to Retire—Lifting of Embargo on Arms Will be the Next Move.

Washington, Nov. 13.—United support from the great powers abroad for the American policy toward Mexico, shown in a variety of quiet diplomatic activities, gave President Wilson and Secretary Bryan confident feeling today that the elimination of Gen. Victoriano Huerta as Provisional President of Mexico soon would be an accomplished fact.

That the financial blockade instituted by the United States had effectively tied the purse strings of Europe, that diplomatic pressure was being exerted incessantly on all sides at Mexico City, that close friends of Huerta were applying their influence, and persistent reports saying Huerta had gone into mysterious seclusion, raised the hopes of the Washington government that at last it was making definite progress toward solving the Mexican problem.

An exchange of cablegrams with Ambassador Page, an agreement by Great Britain to leave the solution of the Mexican problem in the hands of the United States, and an announcement that no more moral or financial support would be grated by England to the Huerta regime, set forth in London press dispatches, created a favorable impression throughout official Washington.

It was felt that Great Britain, France, Germany and other nations now stood together in acquiescence to the plan of the United States for the elimination of Huerta.

President Wilson had prepared early in the day a statement of the situation reciting what had been attempted in the communications presented by Charge O'Shaughnessy, and John Lind, but within a few hours such favorable advices were received as to cause the President to withhold the document from publication.

"There are elements in the case," said President Wilson, "which I cannot at present discuss, but which make it look to me very much more favorable."

President Encouraged.

The President spoke thus of the situation to a half hundred Washington correspondents at their semi-weekly conference. It was apparent that he felt decidedly encouraged by recent advices. The President is not usually quoted after these conferences, but today he permitted a quotation to the extent of the single sentence. This he did to allay any tension that might have arisen in this country over the situation described in the dispatches from Mexico City.

Asked about the word "favorable" he explained that he meant "favorable to a settlement."

The President gave no details to show upon what his optimism was based, but he made it clear that the primary condition of a settlement was the ousting of Huerta and all those who stood for the kind of government he had been conducting. It was evident that the President had received important dispatches, but he declined to say whether they were from Mexico City or Nogales, the constitutionalist headquarters. Later, however, it was learned from other high officials that the plan for Huerta's elimination was being acquiesced in by foreign governments especially some of those which had previously recognized him and upon whom he had come to rely for aid.

One of the important factors in the situation was the report through authoritative channels that members of the Huerta official family were divided, some of them urging his resignation to avoid international complications.

The situation has progressed to the point, in the view of many officials, where even a definite rejection of the American demands by Huerta would not alter his future materially. Confidence prevails that he is drifting into certain bankruptcy and cannot resist much longer the pressure exerted against him.

Support Constitutionalists.

Another influence that is expected to contribute to Huerta's overthrow is the extension of moral support to the constitutionalists. If pressed to the extremity the American government will lift the embargo on arms to aid the constitutionalists in composing the situation, but there is still a hopefulness among his officials that such a step will not be necessary.

The United States has offered no mediation to the constitutionalists, but simply has endeavored to learn what protection would be promised to foreigners and their property and what would the programme of action of the constitutionalists be if they were successful by arms.

The Washington government realizes that even should Huerta announce his intention to retire, a competent machinery of government would have to be substituted, and that negotiations for an armistice and peace arrangements looking toward a fair and free election would have to be carefully worked out.

The United States purposes to help in any way it can, affording a medium of communication between Nogales and Mexico City if desired and otherwise contributing toward a peaceful solution.

For this reason the progress of William Bayard Hale's conference with Gen. Carranza are regarded as an important phase of the American peace programme.

There is a feeling among administration officials that if the constitutionalists are as sincere as have been represented—desiring chiefly the restoration of constitutional government—little difficulty should be encountered in selecting a man acceptable to both sides for President ad interim, while further arrangements for an election are made.

To the foreign nations which have made inquiry as to what might follow if Huerta did relinquish power, the Washington government has informally indicated this process of pacification.

Watching Washington.

Nogales, Sonora, Nov. 13.—Interest was focussed upon official Washington tonight by the principals in the exchanges between President Wilson and Gen. Carranza, through William Bayard Hale. It was considered probable that the next step would come either in the form of an announcement from the American capital, or a resumption of the negotiations in Nogales between Mr. Hale and the constitutionalist chief.

Carranza, the officers of his staff, and the members of his provisional cabinet, went about their routine of business today. Mr. Hale divided his time between his hotel on the American side and the American consulate, talking with Consul Frederick Simpich, and callers.

Gen. Carranza referred to the diplomatic negotiations only once today. "I will not enter into transactions with the Huerta government directly or indirectly," he said, "nor will I accept the mediation of anybody."

The military leaders here were cheered tonight by what they considered significant news from the south. Gen. Pablo Gonzales, constitutionalist commander in the States of Nuevo Leon and Tamaulipas, reported to Gen. Carranza that his troops had taken 21 towns, routed the Federals in two decisive battles and captured two military trains with large supplies of munitions. Gen. Gonzales said that at present his forces were marching against Victoria, capital of Tamaupalis.

Huerta May Leave.

Mexico City, Nov. 13.—Reports that Gen. Huerta had fled from the Federal capital were revived this afternoon owing to the inability of those interested in his actions to find any definite trace of him.

Rumors that Gen. Huerta was planning to take a German steamer for Europe have been current here for several days. Inasmuch as Huerta is not accustomed to observe any routine, it is still regarded as probable that he may reappear in his usual haunts in due time.

An official notification was published today ordering those Mexican Senators and Deputies who were elected on October 26th, to assemble during the afternoon on Saturday, November 15th, in their respective houses in order to effect their organization.

No signs of weakening were evident at the National palace today and the American embassy was in a state of suspense, not knowing what to expect next.

It developed today that in the course of the preliminary exchanges of views between John Lind, the personal representative of President Wilson and the Mexican officials on the question of dissolution of the new Mexican Congress, Gen. Huerta advanced the plea that he could not dissolve it because it had been legally elected.

Mr. Lind's reply to this was the presentation of the demands made by the United States government accompanied by the declaration that what Gen. Huerta had been able to do with the former Congress he must do with this one of his own creation.

English Comments.

London, Nov. 13.—The Times in an editorial on the Mexican situation this morning declines to believe that financial pressure will suffice to remove Gen. Huerta and dilates on the enormous difficulties of an invasion. It says: "Nobody questions the power of the United States to overcome all opposition if they make up their minds to the necessary sacrifices although it is not impossible that they will find, as we ourselves have found before now, that it is far easier to get into such a country with glory than to get out with credit. But the difficulties are so great and so obvious that we earnestly trust that President Wilson may even yet avoid them by wise and dexterous diplomacy."

The Graphic, deprecating the criticism of President Wilson's policy says: "The Americans are entitled to order their politics as they please. However much the President's motives may differ from the English practice, they merit our profoundest respect and with memories of Lord John Russell before us on the one hand and of the Holy Alliance on the other, we are not qualified to lecture President Wilson."

Great Britain Informed.

London, Nov. 13.—The British government is being kept informed of every move made by the United States in regard to Mexico. Ambassador Page received a message from

(Continued on Page Eight.)

Provisional President Victoriana Huerta, of Mexico, whose resignation is being called for by President Wilson in no uncertain terms.

BOTH FACTIONS PREPARE BILLS

Democratic and Republican Members of Currency Committee Work Steadily.

NO PROGRAMME ARRANGED

Each Division of Committee Preparing Separate Bills to be Presented to Senate for Approval—With Republicans.

Washington, Nov. 13.—The two wings of the Senate Banking and Currency committee today worked steadily, preparing separate currency bills to be presented to the Senate. Senator Owen and the five other Democrats, who have supported the administration struggled to perfect the bill which the President wants, and Senator Hitchcock and the five Republicans began perfecting a measure based on the amendments which the committee had already adopted, but which were obnoxious to the President.

Both branches spent considerable time on detailed amendments and corrections of phraseology.

No programme has been arranged but a joint meeting of the two camps probably will be held Saturday and an attempt will be made to outline a course of action. The suggestion that both wings sign a unanimous report on the undisputed sections, and submit agreeing reports on the fundamentals of the bill, may be adopted. Senator Bristow said tonight that the Republicans and Senator Hitchcock had a week or ten days of work before them. The Democrats expressed hope of concluding their task early next week.

Struck a Snag.

The Democrats struck a snag in the form of the question of the control of the regional reserve banks. The administration is contending that the banks of the country should own and control the regional banks, and the Democrats have tetatively agreed to give the banks the opportunity to purchase the stock. When the question of allowing the banks to name six of the nine directors of each regional bank arose today, however, Senator Reed would not agree to the provisions of the bill, urging that the government should control the banks. The section and related matters were passed over without agreement.

The amendments which Senator Hitchcock and the Republicans spent the day writing into the bill, include provisions for underwriting the stock of the regional banks by the National banks, but allowing the public to subscribe for the stock, provisions for the election of four directors by the banks and five by the government in each regional bank directorate; the creation of four regional banks with a capital equal to 6 per cent of the capital of the National banks in the district served by the regional banks; and several minor changes.

SEPARATE ANSWERS FILED.

All Companies in Supposed Hard Coal Trust Make Reply.

Philadelphia, Nov. 13.—Separate answers to the government's suit against the alleged hard coal trust was filed in the United States District Court here today by the Central Railroad Company of New Jersey and the Lehigh & Wilkesbarre Coal Company, subsidiary companies of the Reading Company, principal defendant in the action.

All charges of violating the Sherman anti-trust law and the commodities clause of the inter-State commerce act are denied.

Doings of Blue Jackets Abroad

Rome, November 13.—Alfonso Calderozzo, the former bondsman of the United States battleship Utah, who disappeared a few days ago with about $3,000 entrusted to him by sailors of the Utah, Delaware, Vermont and Ohio for the expenses of an excursion to Rome, arrived here today. He explained that, not understanding railway regulations he had missed several trains. He had previously admitted to G. A. Griffin, paymaster's clerk, of the Utah, whom he met at Ventimiglia, that he would not be able to fulfill his obligations to the sailors, but today he expressed the hope that he would be able to arrange matters satisfactorily.

A number of sailors are here. Twenty-eight came from Ville-Franche today and will be received by the Pope tomorrow.

It is expected that several hundred will be received by the Pope Saturday.

A dinner will be given tomorrow evening by the American ambassador, Thomas Nelson Page, in honor of Rear Admiral Badger and the commanders of the battleships, several of whom are now here.

Venice, Italy, November 13.—Forty sailors and stewards attached to the United States battleship fleet, arrived here today and spent the time in sightseeing. They will leave tomorrow for Florence.

Naples, November 13.—Three hundred blue jackets of the battleships Arkansas, Florida and Wyoming, visited Pompeii today. Others went on an excursion to Sorrento and Capries and were everywhere met with enthusiasm. The officers of the Florida gave a tea this afternoon to the Italian naval officers. Rear Admiral Badger visited Mount Vesuvius.

THOUSANDS WALK OUT IS S. P. STRIKE

Engineers, Conductors, Firemen and Trainmen on Sunset Route Quit.

NEW ORLEANS TO EL PASO

All Trains Were Annulled Until Further Notice—All of Southwest Likely to be Tied-up for Weeks—Men Imported.

Houston, Texas, No. 13.—Four unions acting in concert inaugurated a strike on the Atlantic system of the Southern Pacific Railroad known as the Sunset lines, at 7 o'clock tonight. Approximately 2,500 men, engineers, conductors, firemen and trainmen from El Paso to New Orleans are affected.

Reports from division points indicate a general compliance with the strike order.

The walk-out culminated negotiations of more than six months which failed to bring about an amicable adjustment of differences. An eleventh hour appeal to the Federal Board of Mediation and Conciliation was made by the railroad. As a result of the strike the Southwest tonight faced a possibility of one of the most serious traffic stoppages in years. Railroad officials were silent as to what efforts were being made to relieve the situation, but reports from other sources indicated preparations were being made for the coming of strikebreakers.

All trains due to leave terminal points after 7 o'clock tonight were annulled until further notice. Those leaving before that time, it was stated by union officials, will complete their runs after which their crews will join the other strikers.

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen, Order of Railway Conductors and Order of Railway Trainmen are involved in the strike.

The men claim they were unable to secure a satisfactory settlement of a list of 67 grievances and that General Manager G. S. Ward, of the Sunset

(Continued on Page Two.)

THE CONVENTION ADJOURNED

Veiled Attack Made Upon Secretary of State Bryan for Helping to Elect Blair Lee to United States Senate.

Columbus, O., Nov. 13.—The 15th National convention of the Anti-Saloon League, of America, adjourned tonight after the temperance forces of the country, assembled at the convention, had gone on record through adoption of resolutions as favoring nation-wide prohibition of the liquor traffic by means of a Federal constitutional amendment.

The convention also adopted resolutions opposing the system of licensing or taking revenue from the liquor business, urging States to pass anti-liquor shipping laws and making a veiled attack on Secretary of State Bryan for his part in the recent Senatorial campaign in Maryland.

National officers were elected today and reorganization of the league to make State associations work in greater harmony with the National organization was effected.

The veiled attack on Secretary Bryan came when the convention adopted a resolution stating that Federal officers interfering in State politics sponsored the men elected to office through their influence and should hold themselves responsible for the conduct of these men while in office."

Members of the resolution committee said they had in mind Secretary

(Continued on Page Eight.)

OUTLINES

It is understood in Washington that the elimination of Huerta is now only a matter of time. Other countries have practically joined with the United States in her financial blockade.

Both factions of the Senate Banking and Currency committee are preparing separate bills to be presented to the Senate soon. Senator Hitchcock is still voting with the Republicans.

Fifteen persons were killed and many injured, among whom was a brother of Congressman Clayton, from Alabama, when a Georgia Central excursion train hit a broken rail and dived over a steep embankment near Clayton, Ala.

The banking house of Hillins & Co., of New York City, failed yesterday.

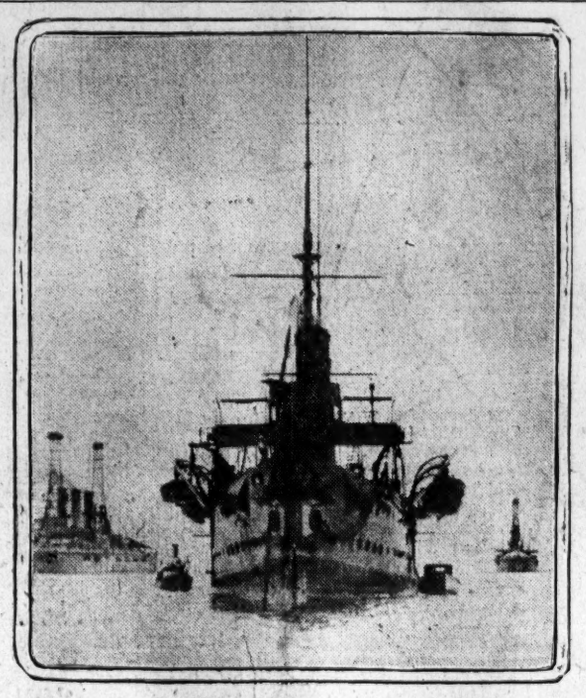
Every day brings the discovery of more deaths from the severe storm that swept the Great Lakes last week.

The United Daughters of the Confederacy in session at New Orleans had a heated half hour debate as to whether they should donate $50,000 to establish a chair of Southern History in Peabody Institute. The matter was finally left to a special committee.

Four unions, acting in unison, called a strike on the Sunset Route from New Orleans to El Reno, Texas. The strike will completely tie up the line and will affect something like 2,500 men.

New York markets: Flour steady. Wheat firm; No. 2 red 96 5-9 to 98. Corn firm 80. Rosin quiet. Turpentine firm. Money on call firm 3 1-2 to 3 3-4; ruling rate 3 3-4; closing 3 1-2 to 3 3-4. Spot cotton quiet; middling uplands 13.60; middling gulf 13.85.

American Battleships in Vera Cruse Harbor.



The fact that American battleships are gathering slowly but surely in Mexican waters emphasizes the fact that the attitude of the United States is growing firmer. While no definite action may have been decided on, yet it is readily apparent that the United States government is going to be in readiness for prompt and efficient action should the necessary crisis arise. This picture shows American war vessels in the harbor of VeraCruz, one of the principal Mexican ports. In case of any armed action by the United States toward Mexico, one of the first things that this country will do will be to blockade all ports.

FAILURE OF PROMINENT BANK

Hollins & Co., of New York City, Go Under Yesterday—The Owner Was at One Time Associated With J. P. Morgan.

New York, November 13.—The failure of H. B. Hollins & Co., an old established banking and brokerage house with international connections, was announced simultaneously today on the Stock Exchange and in the United States District Court. An involuntary petition in bankruptcy against the firm had been filed in the court. Liabilities are estimated at $5,000,000 with assets, mostly bank loans, of from $2,500,000 to $3,000,000.

The firm was established over 20 years ago but recently underwent several changes in personnel. Harry B. Hollins, the senior member, was a business associate of the late J. P. Morgan. William K. Vanderbilt also was at one time identified with the firm in its outside enterprises. Mr. Hollins' partners include Briton N. Busch, the board members, and Walter Kutzleib, for some years the manager in this country of the Russo-Chinese Bank.

According to the firm's lawyers, the failure was precipitated by the withdrawal of some large deposits which seriously reduced its working capital. At one time Hollins & Company had extensive interests in Mexico and represented in this country the National Bank of Mexico and the International Mortgage Bank of Mexico City. These connections were severed some years ago. The firm also was interested in some of the former subsidiaries of the American Tobacco Company, including the Havana Tobacco Co.

Hollins & Company participated in the preliminary negotiations of the so-called six-power group of bankers which several months ago contemplat

(Continued on Page Two.)

McGuire Still Is Unable to Testify

New York, Nov. 13.—George H. McGuire was still in such a nervous state today because of his ordeal on the witness stand on Tuesday that he was unable to resume his testimony today at the John Doe inquiry into charges that Tammany exacted contributions from contractors doing State work.

John C. Clark, an assistant district attorney, returned today from Oswego and reported that through ex-Judge Charles N. Bulger he had obtained sufficient evidence to warrant indictment for extortion of one alleged Tammany "bag man." Two other cases, he reported, were nearly complete, and many trails were opened up.

Clark estimated that the alleged graft amounted to hundreds of thousands of dollars.

SOLDIERS TO PANAMA.

Everything in Readiness for Manning of Forts.

Washington, Nov. 13.—With the great mortar batteries which will defend the Pacific entrance of the Panama canal practically completed, Secretary Harrison, upon the recommendation of General Weaver, chief of coast artillery, is preparing to dispatch the 81st company of coast artillery, now at Fort Dupont, Delaware, to the canal zone, to take permanent station in the new forts.

The company will receive the ammunition and instruments, and put the batteries in working order, after which they will be reinforced by several additional companies. Captain F. W. Clark, commanding the 81st, probably will be replaced by Captain Alfred Hasbrouck, of the 141st company, at Boston, before the company departs for the Isthmus.

STORM COLLECTS HEAVY TOLL

Death Rate Will Reach Seven Sco... While Property Damage ... mated in the Millions—Worst Known on Lake.

Port Huron, Mich., November 13.—Each hour today added to the toll of disasters on Lake Huron during last Sunday's storm and tonight the end was not in sight. Bodies of sailors of five and perhaps six vessels have been found on the shore of the lake; wreckage from two other boats still missing was cast up by the sea and no trace hac been found of two vessels or their crews totalling more than 40 men.

Never in maritime history has Lake Huron been the scene of such a succession of disasters.

Conservative estimates of the loss of life fix the total at 150 at least. The damage to vessels and cargoes will be several millions of dollars.

Lying in various morgues along the Canadian shores are bodies of sailors from the steamers James Carruthers, Regina, John A. McGean, Wexfordand Charles S. Price. It is practically certain those vessels went down with all on board. There are also a number of unidentified bodies. Perhas these were of sailors on the unidentified freighter which lies bottom side up in Lake Huron, 13 miles north of here. Many still think she is the Regina—others still cling to the theory that she collided with the Regina and the latter sank.

Wreckage of the steamers Angus and Hydrus has been cast ashore. Neither of these boats have been heard from since the storm swept the lakes. The freighters Isaac M. Scott and Midland Queen are also missing. No wreckage from them has been found; no bodies of their sailors have been washed ashore.

This afternoon Captain Ely, of the tug Sarnia City, reported that he had sighted the wreck of an unidentified steamer near Port Austin. She is believed to be a total loss.

Fog and a heavy sea today prevented marine men from making a fourth attempt to learn the name of the overturned freighter, which tossing helplessly in a rough lake, has become a serious menace to navigation.

Most important among today's tragedies was the confirmation of the loss of the steamer John A. McGean, a 432-foot freighter. Twenty-eight bodies of her crew have been washed ashore. The steamer Crawford, badly damaged in the storm on Lake Superior, passed down today on her way to Toledo for repairs.

Marine men here estimate her damaeg at $70,000.

Mystery Solved.

Harbor Beach, Mich., November 13.—Among the tragic relics of the sea washed ashore by Sunday's storm on Lake Huron was wreckage and a body believed to be from the tug Searchlight lost off this port five years ago. The sinking of the Searchlight with all of her crew was a Great Lakes mystery.

WILL DELIVER MESSAGE.

Wilson Personally to Express His Views to Congress.

Washington, Nov. 13. — President Wilson announced that he would read in person his first annual message to Congress.

The President thus far has read three brief addresses—on tariff, currency and the Mexican affairs. He told inquirers today that he had just begun work on the annual message. He indicated that no such long and voluminous messages as have heretofore been sent by Presidents to Congress will be prepared by him. It is considered likely that he will deal briefly with the chief subjects upon which he believes Congress should act at the regular session.

Seattle, Wash., November 13.—The American Federation of Labor was in session less than an hour today. No committee was ready to report and the committee adjourned until tomorrow.

HEATED SESSION AT NEW ORLEANS

Question of Fifty Thousand Contribution to Peabody Institute Raised.

GIVEN TO SPECIAL COMMITTEE

Only Two Candidates for President General—Mrs. Stevens, of Mississippi, the Favorite—Prize Offered for Essay.

New Orleans, Nov. 13.—Whether the United Daughters of the Confederacy would contribute $50,000 to establish a chair of Southern history in the Peabody Institute for training teachers was a snag on which the convention hung for a confusing half hour today. It was impossible to settle the matter on the convention floor and through a compromise the matter was put into the hands of a special committee.

In her report for the committee on education, Miss Mary B. Roppenheim, chairman, recommended that the proposal to raise the $50,000 be abandoned as so much monument work had been undertaken. The recommendation brought strenuous protest. It waswith difficulty that President General White kept a semblance of order and even then many women were talking at one time. During this confusion motions to adjourn were made but they were not put to a vote.

The Peabody incident broke in upon a day of routine work.

Many committees and officers read their reports. Mrs. C. B. Tate, the treasurer general, pleased the delegates by reporting that there is $13,... in the treasury. Other reports ... the organization in good con... and growing.

Prize for Essay.

Giving a prize for the best essay on the Confederacy has met with great favor and after it was announced that Miss Hortense Herman, of Baltimore, had won the 1913 prize of $100 for her essay on "The rank and file of the Confederacy," it was unanimously voted to offer the same prize for next year's contest.

From all appearances only two candidates will be nominated for the office of president general. It is said that many of the delegates are leaning toward Mrs. Daisy McLaurin Stevens, of Mississippi, in her race against Mrs. N. L. Ella, of Virginia. It is said that this is because the Virginia delegation is anxious to return Mrs. C. B. Tate as treasurer general and many do not believe two general officers should be elected from the same State.

That the Daughters want only politics that concern their own organization was evidenced again today when the minutes of yesterday's meeting were read. When the secretary noted that the convention had refused to receive greetings from a suffragist convention also meeting in New Orleans, a cheer broke out in the convention hall.

Social features continue to take much time of the delegates. Tonight they were entertained at the French opera.

Address by Mrs. Owen.

Mrs. Thomas M. Owen, of Montgomery, Ala., president general of the Women's Auxiliary to the Southern Commercial Congress, addressed the convention on what her organization is doing to have some of the forts at the Panama canal named for Southern heroes. By resolution the Daughters heartily endorsed the plan and later a resolution was adopted which provided that each division president of the Daughters urge her Representative in Congress to further the proposal.

A singular honor was bestowed upon Mrs. L. H. Raines, who today resigned her position as custodian general of Crosses of Honor. She was elected to the office of Referee of Crosses of Honor for a life term. This office was created for her largely as a testimonial of her work in the former office. She reported that the organization has bestowed 78,761 crosses of honor in the seven years she has held the office.

SUBMARINES GOING SOUTH.

Second Division of Atlantic Fleet to Panama.

Washington, November 13.—The second division of the submarine flotilla of the Atlantic fleet which eventually is expected to form part of the defensive Atlantic terminal of the Panama canal, will leave Norfolk early in January for a three months' cruise of the South Atlantic and Mexican gulf ports. This cruise will be the longest yet undertaken by American submarines. It comprises the submarines D-1, D-2, D-3, E-1 and E-2.

About a month's time will be devoted by the little craft to target practice off Pensacola and the squadron will return northward in time to participate in the Summer exercises of the combined fleet after a short overhaul at the Norfolk yard.

The first division of the flotilla already ordered to the Panama canal will be taken through the waterways and permanently stationed at the Pacific terminal as soon as the canal is open for traffic.

NAME OFFICERS; ADJOURN.

Place of Meeting for Next Year Left to Committee.

Atlanta, Ga., November 13.—After electing officers and naming a committee which later will select the next place of meeting, the Southern Homeopathic Association today adjourned its annual convention here. Officers named were:

Dr. H. E. Koons, Danville, Va., president; Dr. S. L. Stone, Atlanta, Ga., first vice president; Dr. Lee Norman, Louisville, Ky., second vice president; Dr. H. R. Stout, Jacksonville, Fla., treasurer.

FIFTEEN PERSONS KILLED IN WRECK

Central of Georgia Excursion Train Plunges Down Steep Embankment Yesterday.

BROKEN RAIL THE CAUSE

Brother of Congressman Clayton, of Alabama, Among the Score or More Who Were Hurt—Care for Injured.

Eufaula, Ala., Nov. 13.—Fifteen persons were killed and more than 100 injured, some of them fatally, early today when three coaches of a Central of Georgia passenger train left the rails at a point 17 miles south of here and plunged down a steep embankment. The train which consisted of five cars crowded with excursionists, was en route from Ozark, Ala., to Eufaula, where a fair is being held.

The identified dead are Pomp Houtsey, aged 60, Clayton, Ala.; Monroe Floyd, aged 60, Clayton; Miss Bonnie Brock, aged 18, Clio; Curg Bell, Clayton; Miss Laura Wilkinson, Mrs. Wilbur McLean, Child of B. F. Brock, Wash McRae, aged 70, of Clio; Mrs. Alto Adams, Elamville, Ala.; Zack Peak, Clayton; Lennie Fryer, negro, and Maude McRae, negro, Clio, Ala.

Among those who escaped with minor injuries was Jefferson D. Clayton, a wealthy Alabamian and brother of United States Representative Henry D. Clayton, of this State.

Among the injured were Sheriff Teal and William Teal, Clayton; Mrs. McGilvary, C. C. Teal and wife, Clayton; Andrew Teal, Wash McRea, Mrs. Fannie McRea, Clio; Simon McRea, Louisville, Ala.; J. M. Wilson, Eufaula; Henry Johnson, Clayton.

Result of Broken Rail.

A broken rail is said to have been the cause of the accident. As the crowded excursion train rounded a curve the three cars at the rear, literally packed with passengers, suddenly left the track and breaking away from the others, dashed down the steep embankment. The wrecked coaches were practically demolished.

Occupants of the two coaches which remained on the rails immediately bent their efforts to rescuing the hundreds caught in the tangled wreckage.

Words of the disaster quickly reached Clayton, Ala., three miles away and relief trains, bearing surgeons and nurses, were quickly dispatched from Ozark and Eufaula where most of the dead and injured later were taken.

Many of the victims were cared for at Clayton, where the citizens turned their residences into emergency hospitals. Every physician within a radius of many miles hurried to the scene of the wreck.

Because of the isolation of the place where the wreck occurred identification of the dead and wounded was slow. Not until tonight were the names of a majority of those killed known with certainty.

Tonight many of the injured were brought here from Clayton, those suffering most being rushed to local hospitals by a special train. A majority of the injured sustained painful scratches and bruises from splintered woodwork and cuts from flying glass. There were many, however, who suffered broken bones and similar hurts of a dangerous nature.

Railroad officials tonight issued a statement here in which they ascribed the wreck to a broken rail.

THOUSANDS WALK OUT IN S. P. STRIKE

(Continued from Page One.)

Central, declined to meet a committee of the unions to discuss the grievances.

Trains Annulled.

New Orleans, November 13.—Two passenger and three freight trains of the Southern Pacific scheduled to start from New Orleans tonight were annulled because of the strike of trainmen and enginemen. An effort will be made to run a passenger train leaving here at 9 o'clock tomorrow morning. No strikebreakers were in evidence at a late hour tonight.

Use Strikebreakers.

General Manager W. G. VanVleck announced tonight that the Sunset Central lines now has availablt enough men to fill the places of the strikers. Mr. VanVleck said the expected service to be restored as rapidly as arrangements could be made to put new men to work.

Reports from various divisions over the system show that the walk-out was without disorder.

The Godchaux Planting Company, the largest producer of sugar in Louisiana late tonight telegraphed President Wilson asking that he use his good offices to have the strike settled. It is pointed out in the telegram that the cane grinding season now is at its heighth and that without railroad facilities it will be impossible to get the cane to the mills.

FIALURE OF PROMINENT BANK

(Concluded from Page One.)

ed the issuance of a large loan to the Chinese government.

The difficulties of the firm are believed to date back to the panic of 1907 at which time they were burdened with a number of unprofitable properties including the Cincinnati, Hamilton and Datyon and Pere Marquette railroads and the Chicago Railways Company. The railroad properties were later taken over by J. P. Morgan & Company.

On the Stock Exchange it was understood that the firm had closed out its few remaining contracts or commitments a few days ago. Some of the recent liquidation in certain high-class securities is believed to have been for the firm's account. Its principal banks were the Hanover National and the Bank of The Manhattan Company. These institutions are said to be fully secured, as also are some other banks which are supposed to have made loans to the insolvent firm. All told the firm's bank loans are said to aggregate between $3,000,000 and $4,000,000.

Harry B. Hollins is a director in numerous financial and industrial incorporations, including the Equitable Trust Company and the International Steam Pump Company and is prominent in social circles.

Here's Good Advice to All:

EAT MORE LIGHT BREAD

IMPROPERLY fermented bread is difficult to digest. It is the foundation cause of a great many "stomach troubles." It is especially hard on children's stomachs.

Eat More Light Bread

Light bread is not only easy to digest, but is the most nourishing, wholesome and economical of all foods. Accustom your family to eating more and more of it.

Eat More Light Bread

You and your children can eat your fill of well fermented, thoroughly baked light bread and feel no bad results. Begin today to eat more of it.

FLEISCHMANN'S YEAST

is the most perfect leaven for making healthful bread. Your baker uses it. Ask him.

Everybody Should Eat More Light Bread

The Royal Baking Company---22 N. Front Street

WANTS

The people of Wilmington and Vicinity to know what Perfectly Made Bread is, and they Guarantee to All who use "Royal" bread, that they get it beyond a shadow of doubt. Try it, and the proof of the bread will be the eating of it.

J. Fred Russ and Jos. B. Fox, Proprietors — Phone 246

PAN-DANDY BREAD

IS RAISED ON

FLEISCHMANN'S YEAST

That's another reason why it's so good. And we make sure that all its original goodness is retained. It is made from the best of bread materials in a clean, modern bake-shop.

Easy to digest—full of nourishment—for children and grown-ups.

Like "John Dough," here's our advice to all—Eat more

PAN-DANDY BREAD

The wrapping of every loaf of PAN-DANDY BREAD in waxed paper when it leaves the oven, insures its cleanliness. No hands touch it from oven to your table.

'Tis plain, then, why everybody should eat more

PAN-DANDY BREAD

Wilmington N. C.

NATIONAL GUARD IS READY

Armed Intervention in Mexico Being Discussed—Several Charters Granted—Other Raleigh News Notes.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 13.—Adjutant General Young, of the National Guard, says practically every company of the North Carolina Guard has expressed to him officially their readiness, and, indeed, their eagerness to take up service if there is trouble with Mexico that requires the calling out of the National Guard.

General Young says the companies, officers and men, are ready to go right into service and want to go out on the very first call. If there is intervention, he says, there is obliged to be a call for the guardsmen before the volunteers can be mustered in. The government has only 25,000 regular troops and this means that as soon as any hostilities begin there must issue a call for the National Guard, of whom there are 350,000 in the country and intervention would necessitate the mustering in of this entire force straight away. Army officers familiar with the conditions and the campaigns that the War Department would inaugurate estimate that a war with Mexico could not terminate within less than two years and that it would take 15 months to reach a stage in which the really serious fighting would begin in advances on Mexico City.

The Connelly Springs Knitting Mill Co., of Connelly Springs, was chartered today with $100,000 capital authorized and $11,600 subscribed by D. B. Mill, E. J. Hudson and others for manufacturing cotton yarns, operating one or more knitting mills. Also flouting mills and other manufacturing plants. Another charter is for the Henley Furniture Co., of Goldsboro, capital $25,000 authorized and $5,000 subscribed by W. V. Williams, M. H. Henley and others.

Governor Craig returned this morning from Henderson where he went to attend the Smith-Cooper wedding that united in marriage Miss Genevieve Cooper, daughter of Mr. and Mrs. D. Y. Cooper, and Mr. Claude D. Smith, of Greenville, S. C., last night.

J. W. Syles has been lodged in Wake jail to answer the charge of practicing dentistry in the Knightsdale neighborhood without license, being unable to give the necessary bond. He claims that with dental work he does is not charged for and that he has done such work at intervals for the last 40 years. He is from Pilot Mountain.

The executive committee of the North Carolina Committee of Rural Race Problems is called by President Clarence Poe to meet in Shelby next month at the same time that the State Farmers' Union meets there. President Poe says he never knew a new idea to grow faster than this idea of setting aside some rural neighborhoods exclusively for white ownership. "Please note," said Mr. Poe, "that voluntary white segregation by people who want it is rather different from compulsory seggregation of negroes by people who don't want it. Some people are constantly confounding one with the other." Great headway was made, Mr. Poe says, during the last legislature. The house of representatives, composed chiefly of farmers, almost unanimously voted for a special commission to investigate the subject and suggest needed legislation to the General Assembly, and while opposition, chiefly of city lawyers, defeated the measure in the Senate by two votes, the majority of the farmers are in earnest and will push the plan to success sooner or later.

GAME AT FT. CASWELL.

Florence Y. M. C. A. Team to Meet Soldiers on Army Gridiron.

(Special Star Correspondence.)

Fort Caswell, N. C., Nov. 13.—In connection with the quarterly Field Meet to be held at Fort Caswell, N. C., on Friday, November 21st, arrangements have been completed for a football game between the Y. M. C. A. team from Florence, S. C., and the team from the local post.

All indications point to a hard fought and highly interesting contest. The Florence aggregation has played several games this season and has been highly successful. Among other victories they point with pride to their defeat of the strong eleven representing Fort Moultrie, S. C. They defeated the South Carolina soldiers by a score of 6 to 0. The Caswell outfit is composed of several old hands at the game though so far this season thir competitors have been the scrubs; this being their first game with outsiders. They are training daily with eight to 14-mile jaunts on the beach in the mornings and stiff signal practice in the afternoons under the efficient tutelage of Lieut. Ljungstedt, probably one of the best backs and surely the lengthiest that ever represented any of the strong High School teams of Washington, D. C.

Arrangements have been made with the management of the steamer Wilmington to remain over at the post long enough to carry any visitors that may desire to see the game back to Wilmington that same afternoon. No admission will be charged.

WALLACE DEPOT SITE.

Question There and at Rose Hill Settled—The Box Factories.

(Special Star Correspondence.)

Wallace, N. C., November 13.—The Corporation Commission came yesterday to settle the long-fought question relative to the placing of the new depot. After examining the witnesses on both sides and remarks by Mr. A. D. Ward, of Newbern, and Mr. Geo. R. Ward, of this place, representing the site offered by Mr. Paisley Boney, and Mr. J. O. Carr, of Wilmington, representing the site offered by Mrs. Ellen Boney, the Commission decided in favor of the former. The result of this decision is that we will have a nice new depot erected just a little south of the present station. The losing side seems to be taking their medicine without much racket.

The Commission also visited Rose Hill yesterday on the same mission. They also decided in favor of the lower site at that place.

The debris of the Norfolk Lumber Co., is being cleared away for a new and larger plant. They hope to be running during the early part of next year. The box factory owned by the Cumberland Lumber Co., at this place, is running full time and they are turning out boxes about as fast as the Coast Line can haul them off. This factory is moving along nicely under the wise supervision of Mr. W. F. White, of Norfolk, who superintended the erection of it.

Washington, Nov. 13.—Members of the Wilson family told their friends today they planned to see the Army-Navy football game in New York on November 29th. The President has promised to go if he possibly can.

CENSORSHIP FOR SHOWS.

Greensboro Ministers—Rate Men at Dinner—Other News Notes.

(Special Star Correspondence.)

Greensboro, N. C., Nov. 13.—The leading ministers of the city and many churchmen were before the board of commissioners this afternoon endeavoring to get a censorship board that would prevent the giving of such performances as Gertrude Hoffman and her chorus gave here this week. The commissioners took the matter under advisement, but it is felt that little will result from the discussion.

The activity of the ministers and churchmen in this direction was the result of a special committee representing an organization of churchmen which witnessed the Gertrude Hoffman show Monday night. This committee composed of Messrs. A. M. Scales, O. C. Wysong and J. Norman Wills, three of the city's foremost citizens, attended the performance and expressed the opinion that the show was "immoral, indecent and obscene."

Quite a sensation was created when it was known that a committee representing the organization had attended the show and made the report. Yesterday a meeting of ministers was held and the report submitted, whereupon the ministers and others immediately decided to call upon the commissioners of the city to have cleaner shows.

The opera house here is owned and operated by the city and naturally citizens feel more interest in it than if it were operated by private individuals.

The annual meeting of the Southern Manufacturers' Association, composed of furniture men, was held here yesterday and was attended by leading furniture manufacturers of this section of the country. Only routine business was transacted. Mr. Fred N. Tate, chairman of the transportation committee, and also president of the Just Freight Rate Association made a full report of his activities in the interest of better freight rates. Hon. E. J. Justice addressed the association on freight rates and Alvin T. Coats, manager of the Insurance Audit and Adjustment Company, spoke on insurance rates.

The programme of speakers and other arrangements for the dollar dinner to be given Friday night by the Chamber of Commerce are about complete. Freight rates will be the topic to be discussed. The Governor will head a list of prominent men and rate experts who will address the gathering. Covers for 200 will be laid. The dinner will be served in the gymnasium of the Y. M. C. A. An appetizing menu is promised.

The following will be speakers, Governor Locke Craig, Chief Justice Walter Clark, Fred N. Tate, president of the Just Freight Rate Association; E. P. Wharton, president of the Chamber of Commerce; Col. T. W. Clawson, editor of the Morning Star, Wilmington; Hon. A. L. Brooks, Hon. E. J. Justice, Hon. A. D. Ivie, of Leaksville, and others.

An involuntary petition in bankruptcy has been filed in United States District Court by creditors of the Central Foundry & Machine Company, of High Point, and the concern has been adjudged bankrupt. In its answer the concern admitted its insolvency. The case was referred to G. S. Ferguson, Jr., referee in bankruptcy.

GAME WITH S. C.

A. & M. Team Makes Date With Palmetto University, Nov. 30th.

(Special Star Correspondence.)

West Raleigh, N. C., Nov. 13.—The A. & M. football team has secured a game with the University of South Carolina to take the place of the one which was cancelled by the University of North Carolina, the game to be played in Columbia, S. C., on Thursday, November 20th. This game will break the long gap which would have been between the last game and the one Thanksgiving with Washington & Lee.

The coaches will put forth every effort from now on to get the team in shape for the Washington & Lee game on Thanksgiving, which is one of the most important games on the schedule. The 'varsity has been very unfortunate for the past two weeks in having some of the best men crippled. Tenney and Sullivan, two of the mainstays of the backfield, having been injured about ten days before the V. M. I. game, and Cooke, one of the very best tacklers in this section, his collar bone broken one week before this game, and to cap the climax, Riddick, right half, and one of the fastest and best ground gainers in the back field, and the man who has been depended upon to do all of the punting this year, sprained his ankle the day before the team left for Richmond. Several other members of the 'varsity squad have been out on account of minor injuries, and all of these men will be given every attention with the hopes of getting them in shape for the Thanksgiving game. Coach Green gave the men a rest on Monday, but the whole squad was out again Tuesday, and from now on practice will go on in earnest. Tenney, Riddick and Sullivan will be out for practice again the last part of this week, but will only do light work. Riddick's foot is doing nicely, and he will probably be in the South Carolina game next week, but Coach Green will no doubt save Tenney and Sullivan for the Thanksgiving game, and not run the risk of being reinjured in the South Carolina game. The coaches have been having trouble filling the gap in the line caused by Cooke's absence. McHenry will probably be shifted to tackle and either Young or Winston used at guard until Cooke returns, as it is hoped that he will be able to play again by Thanksgiving. The game with Washington & Lee will be one of the most evenly matched games to be played in the South this year, judging from records made ed that every man on the A. & M. team will be back in his position and in good condition when Turkey Day rolls around.

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough on for two years.

Mr. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cods' livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building the weakened, run-down system.

Try a bottle of Vinol with understanding that your money returned if it does not help yo R. Bellamy, Druggist, Wil N. C.

P. S.—If you have any skin try Saxo Salve. We guarant (advertisement.)

BURGAW HAPPENINGS.

Attended Theatrical Attraction—Post-office Improvements.

Burgaw, N. C., Nov. 13.—The following ladies went to Wilmington Monday to attend "The Trail of the Lonesome Pine": Mrs. H. Overstreet, Mrs. W. D. Croom, Mrs. C. C. Branch, Misses Coley, Blanche Paddison, Mary Lou McCullen and Myra Betts. They were all delighted with the play.

Messrs. T. J. Bradshaw and S. Ray and Mr. and Mrs. D. J. Farrior, Jr., motored to Wilmington Wednesday, to take in the corn show.——Mr. A. H. Paddison made a flying trip to Scott's Hill Wednesday, passing through Wilmington, to try some cases coming before him as a justice of the peace.

The friends of Mr. J. A. Rowe will be pleased to learn that he is meeting with success in his new hotel in Wilmington, the Hotel Clarendon. This hotel is so conveniently located it is bound to catch the traveling public.

Capt. W. H. Newell, general superintendent of the A. C. L., was here today conferring with citizens with reference to the erection of a new depot here. This is badly needed and it is to be hoped that the wishes of the people will be respected.

Mr. F. T. Croom, Burgaw's accommodating postmaster, has adorned the space above the general delivery window in the postoffice with a very fine framed portrait of President Wilson.

There are several mothers of fine babies here, who are now regretting that they did not enter their little ones in the baby contest at Wilmington. No doubt some of them would have ranked high, as Burgaw has some as fine as can be found anywhere, and as many in proportion to the size of the town.

The northbound passenger train on Wednesday evening was delayed about two and a half hours at Castle Haynes, on account of the track being blocked by the caboose of a freight train having been thrown across the main line on its side. As soon as the wrecking crew arrived from Wilmington, it was only a few minutes before they had the line clear.

Jones Brothers Show is billed for Burgaw next Wednesday, 19th inst. This will no doubt draw a big crowd and carry away a lot of money that is needed more at home.

Dr. John M. Faison, Congressman from this district, was here today to confer with the farmers and truckers with reference to better transportation facilities and rates. The doctor has always taken a live interest in this subject and if there is anything that he can do to advance the interests of the farmers and truckers, he can be depended on to do it.

The weather has been continuously cold for the past ten days with heavy frosts and thin ice.

Mr. O. P. Middleton was here buying cotton Wednesday.

Now that the open season is on for shooting quail, the sportsmen are in the field and woods every day after them. Not many have been seen as yet, but it is reasonable to suppose that there is a pretty good crop of them this year, although the very wet Summer was against them.

There was a rather serious cutting affair here Monday night when "Sunny Boy" Lamb, a negro, who lost both legs just below the knees a few years ago, got into some sort of dispute with another negro named Ben Cole, and the Lamb boy proceeded to carve Cole up in royal fashion. He inflicted several wounds on Cole, fortunately none of them proving very serious. Lamb was brought before the Mayor and sent to jail.

ENGLISHMEN RETURN HOME.

After Extended Tour of United States Golfers Leave.

New York, November 13.—Harry Vardon and Edward Ray, British professional golfers who during the last three months have played matches throughout the United States, sailed for home today. Speaking of American golfers, Vardon said:

"We have met the best players of America and 'Chick' Evans, of Chicago, is as good a player as I have ever seen. Ouimet, of Massachusetts, the champion, is of course, a wonderful player but I don't think he would have an easy time in Great Britain. Our courses there are more difficult than those we played on here."

Coming of The Sunbeam

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

It is a pity more women do not know of Mother's Friend. Here is a remedy that softens the muscles, enables them to expand without any strain upon the ligaments and enables women to go through maternity without pain, nausea, morning sickness or any of the dreaded symptoms so familiar to many mothers.

There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful, penetrating remedy to banish all those dreaded experiences.

It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then meet some prospective mother to whom a word in time about Mother's Friend will come as a wonderful blessing. This famous remedy is sold by all druggists, and is only $1.00 a bottle. It is for external use only, and is really worth its weight in gold. Write to-day to the Bradfield Regulator Co., 127 Lamar Bldg., Atlanta, Ga., for a most valuable book.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year $1; six months, 50 cents; three months 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders, and postal money orders, for the paper should be made payable, and all communications should be addressed to, THE WILMINGTON STAR CO.

Friday, November 14, 1913.

Rather than be caught by the sheriff some men are here today and gone tomorrow.

The people are not demanding more liberty for themselves but less liberty for grafters.

We will now devote our attention to the difference between a Christmas gift and Christmas graft.

Atlanta has just pulled off an "Auto Show" but what Southern cities ought to show are machines and products of their own.

Sulzer has sent in his bill in an effort to collect his salary as Governor. He keeps on showing that he's "the same old Bill."

Last week New York received 196 carloads of chickens, and yet New York seems to have plenty of "chicken" of her own.

The consumer in New York is paying 75 cents a dozen for eggs. When the price of eggs gets to be 6 1-4 cents a piece, the hens certainly ought to be able to quit eating off their heads in new-fangled chicken feed.

Senator Henry Cabot Lodge belongs to the "Third Party" in Massachusetts. The recent election resulted in a Democratic victory, with the Progressives second and the Republicans a bad third. Republicanism has been weighed and found wanting in every particular that affects the interests of the people. Special interests can't cast enough votes to elect its candidates.

See how it has turned out! Great Britain, France and Germany are all lauding the statesmanship of President Woodrow Wilson. We were satisfied all along that we elected the right man to handle the grave problems which this country had to settle. He has freed the American people from taxation for the enrichment of the privilege crowd, and he will either convince or compel Mexico to appreciate the meaning of constitutional government.

Fifty corset salesmen of Chicago stores had a conference last Tuesday and declared war on the tango, the bunny hug, the flitting flops and all the balance of the raggy, saggy dances of the times. They declared that they ruin "the feminine form divine," and that no corset can beautify the figure of those who spoil their shapeliness by such dances. Dr. Maud L. Dunn gave a demonstration of the ruination caused by wiggle-waggle dances and in a discourse upon the subject she declared: "The modern dance would make a potato sack out of a Greek goddess. Avoid them and the debutante slouch. Tell your customers that, and tell them how to wear a corset in such a manner that they can't slouch around." That is only one side of it. The tangoistinas may deny the allegation and defy the allegator.

CHARLOTTE AND THE PORT OF WILMINGTON.

The Southern Steamship Company recently organized in Wilmington as a subsidiary of the Morse interests, are working along the right line when its representatives at the very beginning visited Charlotte and other distributing points with a view to interesting them in the line as well as in their opportunity to secure the benefit of water transportation. We can't state definitely the proposition which the Wilmington steamship interests will make to Charlotte business men and shippers, but it breaks the ice for closer commercial relations between that city and its natural port. Referring in an editorial to the new movement in behalf of the port, the Charlotte Observer of yesterday says:

"The coming of a delegation of Wilmington men to Charlotte in promotion of a movement to divert freight from the Norfolk route to Wilmington, might be properly called 'a step in the right direction.' For years The Observer has contended that by the proper effort much of the cotton and other freight that is turned the way of Norfolk from Hamlet could be sent direct to the direct port for this section of North Carolina—Wilmington. We confess to have met discouragement to some extent, mainly through failure to interest the business people of Wilmington. Six years ago this paper told of the situation at Hamlet and pointed out that large shipments of cotton were diverted at that point for Norfolk, presumably for the benefit of the longer haul, and it urged that combined effort be made to have this cotton shipped to Wilmington. As told in The Observer yesterday, the Morse steamship people have secured four boats with which to inaugurate the new freight service for the port of Wilmington and in coming to Charlotte to organize plans for drumming up business for the line, the people of the port city are on the right tack. Much good ought to result from the visit."

It is natural to presume that the Wilmington steamship people are feeling their way and looking over the ground. It is the shippers all over the country who must direvt cotton to the port of Wilmington, and there is little doubt that they will give a large share of business to the port of Wilmington if the shipping facilities can be secured. The one reason why interior shipments for Northern points have not been sent by way of Wilmington is that the steamship service out of this port to New York has been inadequate. Instead of one sailing a week, the port needs at least one sailing a day if it should become available to interior shippers at all North Carolina points and to South Carolina, Georgia, Alabama, Tennessee, Arkansas and Missouri points as well. We say that because we know that Little Rock, St. Louis, Memphis and Atlanta receive shipments from New York, Philadelphia and Boston through a Southern port.

Increased shipping facilities in and out of Wilmington means Charlotte's opportunity as well as Wilmington's. Every steamer that comes to Wilmington makes this port more important to the State, and if the business of the new line can be built up by shipments from interior points it will hasten the day when the effect of water transportation will be felt in every distributing point in North Carolina.

Not only should cotton but the products of the cotton mills of the Carolinas and Georgia should be routed via Wilmington. There are scores of other factory products of various kinds as well as machinery and heavy raw materials that should enter into the commerce done through the port of Wilmington. We happen to know that some features of this business are available to Wilmington and interior points, but there has been no movement either in the interior or at the port to take advantage of it. That is where both the port and the State have not taken advantage of opportunities that are clearly theirs.

KILLED WHILE TRESPASSING.

It seems that one of the hardest things in the world for people to realize is that their life and limbs are endangered while trespassing on railroad tracks. It is startling to realize that during the past twenty years 126,000 people were killed or injured because they unthoughtedly walked on the tracks of the railroads. It seems to be a common thing from one end of the country to the other.

The record is more terrible when it is figured out that 126,000 victims of the railroads mean 6,000 every year, 500 every month, or 16 every day in the year for the past twenty years. This is simply the list of those killed or injured by reason of trespassing on railroad rights-of-way where trains pass swiftly night and day, reaping a harvest of victims in spite of the carefulness and vigilance of train operators. It does not include the large number killed or injured in railroad wrecks, nor does it include 36,000 tramps, nor 25,000 children who strayed innocently on the highway of death.

These fearful statistics were recently made known by a man who has made a special study of fatality on railroads. For years the railroad companies of the United States have spent enormous sums of money in elevating their tracks, building subways and viaducts and employing every device known to prevent people from trespassing and to save life. Yet thousands heedlessly walk the tracks and are even reckless enough to cross on railroad bridges where there is little hope of escape. The killing of many children can be ascribed to the carelessness of their parents, but many lose their lives by jumping on or off moving trains, standing on the platforms or passing from one car to the other.

The railroads find that it is impossible to prevent tramps from finding their way to the tracks, thus endangering their lives each day, but it does seem that prudence should prevent the average man and woman from endangering their lives by trespassing on railroad tracks. Nevertheless the railroads spend millions of dollars in the employment of men to drive trespassers away from the tracks and sure death. It is a grave problem with the railroads how to successfully cut down the awful record to which we refer. The railroads also are mulcted for millions of dollars in damages paid on account of deaths for which the roads are not responsible morally or legally.

People ought to think enough of their lives and safety by making it a rule never to walk on a railroad track even the length of a city block. It depends on the people whether this useless and preventable loss of life shall be cut down in the future.

EGGS SEVENTY-FIVE CENTS PER DOZEN.

New York is all astir because fancy white Leghorn eggs have been selling in that city at 75 cents a dozen, while cold storage eggs of ordinary grade sold in the retail stores at 37 cents per dozen. New York dealers have 20 different grades for eggs and the price not only depends on the grade but largely depends upon what part of the country they come from. Poultry men grade their own eggs and the fancy white ones bring the highest prices. "Near-bys," or eggs shipped in fresh from points close to New York, bring the next best price, while "Southerns," which are shipped without any care or grading, sell just above the cold storage article.

That is where Southern shippers lose out, for fresh Southern eggs are just as good as any but owing to the sloven manner in which they are marketed they are considered ordinary stock in the municipal markets. Lots of eggs shipped from the South are classed "dirties," and we presume most everybody knows what that means. They have to undergo cleaning and grading by merchants before they can be offered on the New York markets. Thus the South loses money by not grading its eggs and also by shipping dirty and clean eggs all together. The wholesale price of "dirties" in New York was 21 to 25 cents per dozen a few days ago, so that the price for Southern shippers must have been below that price. On the other hand, "hennery whites" were quoted at 60 and 63 cents per dozen wholesale.

For several reasons, New York dealers find readiest sale for clean, white eggs, and if they are classed fancy they are not only sold at the highest prices but are snapped up by choice buyers. It isn't because white eggs are best in quality, but because of their looks. Nearly each individual egg has its own quality, but experts know as a general thing that a brown egg is richer than a white one and that thick-shelled, brown-colored eggs keep better and ship better than other eggs. Nevertheless, as New Yorkers want whites, and especially clean eggs, the South ought to quit shipping "dirties" for consumers of fastidious taste.

NORTH CAROLINA FIRST IN COTTON MILLING.

North Carolina, according to statistics compiled by the Census Bureau, is the second cotton manufacturing State in the United States. Massachusetts comes first, with North Carolina and South Carolina coming in as second and third, respectively. North Carolina has built several mills during the past year and would make a better showing than it did when the statistics were compiled.

The striking features of the report of the Census Bureau is that the increase in cotton manufacturing is greater in the South than in the North. In the South, it also is made known, most of the cotton milling industry is east of the Mississippi. There are only 20 cotton mills in Southern States beyond the Mississippi. North Carolina, South Carolina, Georgia and Alabama lead all the Southern States in that order.

The Southern mills consume more cotton than all the mills of the North and Canada, and practically the mills of North Carolina, South Carolina, Georgia and Alabama hold up the record for the South in consumption. That indicates what a tremendous industry cotton manufacturing has become in those four enterprising Southern States.

The cotton milling industry is only in its infancy in the South. The opportunity exists for it till the South can have enough mills to spin its average crop of 14,000,000 bales a year.

CURRENT COMMENT.

It appears that Wilmington will get its boat line. That the enterprising business men of that city would neglect the opportunity is inconceivable. The whole State should wish them success.—Raleigh Times.

A colored man has been elected Mayor of Battersea Borough, London. Yet we have not heard that the police rule of some South African cities which forbids a negro to use the sidewalks is changed.—New York World.

We haven't the word of Governor Craig nor Senator Simmons for it, but in view of what Mr. Morrison has done for them, they both ought to be of some assistance to him if he wants to be Governor.—Charlotte Chronicle.

The Selma Chronicle tells of the bringing to the Selma market by Mr. Wade Crocker of two big loads of fine hay nicely baled. The Chronicle comments that the incident shows that almost any crop can be raised in North Carolina and that the North Carolina product can be put up in good marketable condition. The Chornicle quotes a Selma man as saying that "he had much rather see our farmers bring hay to town than to see them hauling it from town." In the coming years there will undoubtedly be less importation into North Carolina of products that can be raised here than has been the case in many years. To quote again from The Chronicle, we are beginning to live at home and board at the same place.—Raleigh News and Observer.

North Carolina has followed Missouri's example in establishing "good roads days," and Governor Craig, in overalls, led the embattled farmers with picks and spades on Wednesday in improving a stretch of highway near Asheville. Returns from various points estimate the value of the road work done by volunteers in Western North Carolina at $25,000, and possibly as much more was accomplished yesterday, the second day. These are paper figures, and perhaps an engineering survey might not sustain them. But if the volunteer army does not build up permanent roads, it at least helps to build up permanent good roads sentiment. And that, after all, is the real thing. For where there is a will, there is sure to be a (high) way.—Baltimore Sun.

We have it from a Newberg dispatch to the New York Times, that the Charles W. Morse people who have been talking of placing a line of steamboats between Wilmington and Baltimore, were in that town a few days ago inspecting a steamer which they propose to have put in shape for service. The Greenport is the name of the ship and it has been laid up as a reserve boat for the Hudson Navigation Line. The Greenport is fitted for both freight and passengers. In addition to this boat, Mr. Morse has purchased three others, which are now undergoing repairs at Bath, Me. So it appears that four boats for the new line to Wilmington have been provided and from this there seems to be no doubt that Mr. Morse means business. Wilmington put up, or will put up, $25,000 as a guarantee of the port's good faith with the Morse people. The new boat line is a certain thing and The Observer is ready to join Wilmington in the shouting.—Charlotte Observer.

KINSTON WANTS GAS.

Franchise From Three Companies Offered—Depot Hearing—Notes.

(Special Star Correspondence.)

Kinston, N. C., Nov. 13.—Capital in three cities is seeking permission to build a gas plant here. Last night the City Council heard the report of a committee investigating the matter. Each of the three corporations, located in New York, Philadelphia and Baltimore, had submitted franchises, and all were discarded by the aldermanic committee, who drew up an instrument embodying the best points of all three and better safeguarding the city's interests than either of those submitted would have done. Council took no action and will consider the matter on December 1st, by which time all of the companies will have had opportunity to study the municipality's proposition. It is believed the aldermen are inclined to favor the Philadelphia concern, which is now operating plants at Elizabeth City, Henderson and Oxford, N. C., and Rock Hill, S. C.

The Kinston Chamber of Commerce has been notified that the Corporation Commission will come here some time during this month to investigate the claims of the Chamber that the local depot facilities are inadequate. President J. F. Taylor and a score of members of the body went to LaGrange Tuesday, when a depot hearing was had there, to bring Chairman Travis and Commissioners Pell and Lee here on that day, but the time was inadequate for a thorough investigation at both points in one day. The local business men and officials of the railroads will be advised shortly of the date set for the Commissioners' visit to Kinston.

No shipment of freight ever handled over the Carolina Railroad was more difficult to load than two bears, sent yesterday by Geo. Gray, Sr., of Dawson, to Raleigh, where they will be placed in a park. The animals were formerly in the private zoo of Mr. Gray here. The cage in which they were shipped was a crude affair with four slender standards and iron bars wide apart. The negroes who attempted to put the consignment on board a freight car had a merry time of it for awhile. The bears, irritated by the change from their former warm quarters to the cold station platform at Dawson, savagely fought them back until the blacks were about to give up the task. G. A. Jones, editor of the Snow Hill Square Deal, was a spectator, and in the excitement added to it by falling a distance of eight feet from the end of the platform. He sustained only a few bruises. Finally, with the negroes rallied for a final attempt, strategy was successfully employed and the bears put aboard the car, still trying to get at the men through the bars. One of the beasts is "Pete," a bear who is probably the largest of his species ever seen here. When he was caught in a steel trap as a cub he lost a foot, and, it is said, all the good nature he might have had.

MASS MEETING TONIGHT.

All Are Invited to Meet at Chamber of Commerce—Baseball.

Tonight, at 8 o'clock, in the rooms of the Chamber of Commerce there will be a mass meeting of the citizens of the city for the purpose of hearing the report of Messrs. C. E. Greenamyer and J. W. Blomme on their recent trip to Philadelphia to confer with the president of the Philadelphia National baseball club. They will outline a proposition which they believe will be successful in getting the "Phillies" to establish their Spring training camp in this city. If the business men of Wilmington will get behind the movement they feel sure that the club will come here. The meeting will be open to all, and a large attendance is desired.

GIFT IS SELECTED.

Senator Martin Formally Announces What Present Will be.

Washington, Nov. 13.—Miss Jessie Wilson's wedding gift from Senators—a silver service—will include a tea service, coffee percolator, compote, cases, candelabra and trays, all fittingly inscribed and will cost a little more than $1,000. Senator Martin, who is looking after the gift for his colleagues, formally announced its character today.

One Cause of Bad Complexion—the Cure

(From Family Physician.)

"Look at a section of skin under the microscope and you will readily understand why cosmetics generally injure the complexion," says Dr. H. Robert Mackenzie. "The skin, smooth as it looks to the naked eye, under the glass, exhibits a lace work of tiny holes, mouths of myriads of little glands. To keep the skin healthy these holes must be unobstructed, that the perspiration and natural oil can have free outlet. Should the glands be blocked up with irritating gritty particles, a common result of using powders and creams, Nature retaliates by causing sallowness, roughness, blotches or pimples.

"As a substitute for all cosmetics, I recommend ordinary mercolized wax. It not only does what the various face preparations are supposed to accomplish, but its peculiar absorbent action frees the pores from the daily accummation of impurities also absorbing the devitalized particles of surface skin. This produces a natural, healthy, Youthful complexion. One ounce of this wax, to be had at any drug store, usually suffices to rejuvenate the poorest complexion. It is put on nightly, like cold cream and washed off mornings.

Gene Gauntier, in "In the Clutches of the Ku Klux Klan." The action of the story takes place in North Carolina, after the Civil War. (Three Reels.)

BIJOU

TODAY.

ST. JOHN'S LODGE No. 1 A. F. & A. M.

Emergent communication this (Friday) evening, at 8 o'clock, for the purpose of conferring the degree of ENTERED APPRENTICE (Several candidates) All members are urged to attend.

Visiting brothers will be cordially welcomed. By order of the Master.

$500.00 in Merchandise Given Away in Our

Great Coupon Sale

We Are Going to Inaugurate a Great Coupon Sale, Which Will Begin on Next MONDAY, NOVEMBER 10, AT 9:00 A. M.

With every purchase of 50c or more, we will give you a Coupon, numbered, which will be good for a Premium. The value of the Premium will be from 10c to $12.50, if your purchase amounts to 50c or $100.00—it will not affect the value of your Premium. This sale will be a double event, and will be a twofold occasion in values given here. A week of unparalleled economy. Right in the heart of the season; right in the midst of your needs; just at the time when you want to buy so many things in wearing apparel, or for the household. This wonderful bargain opportunity offers unmatchable values. Here is merchandise that is fresh, new, up-to-date, and that has back of it our full guarantee of entire satisfaction, with every purchase you make, and, in addition to the value given here, you are presented with a Coupon number which will entitle you to one of the following valuable premiums:—

A Ladies' $12.50 Coat Suit.
A Man's $10.00 Suit.
$4.50 Matting Art Square.
$1.50 Baby Protector.
$1.50 Safety Razor.
$1.00 Safety Razor.
$2.00 Velvet Rug.
$1.50 Suit Case.
$2.00 Lamp.
$5.00 Boys' Suit.
$2.50 Clock.
$1.00 Large Framed Picture.
50c. Silk Hose.
$2.00 High Chair.
50c. Waste Basket.
50c. Matting Rug.
25c. Doll.
Men's or Ladies' 10c. Handkerchiefs.
25c. Shirt Waist Set.
25c. Beauty Pins.
50c. Beauty Pins.
25c. and 50c. Neckties.
25c. Hose and Half-Hose.

Pancakes

and no unpleasant "consequences" when made with

Cottolene

Make your pancakes as you always do, using a tablespoonful of Cottolene (instead of butter) and an extra pinch of salt—or try this:

PERFECT PANCAKES.

1 1-4 cups flour; 1-3 teaspoon salt; 1 tablespoon sugar; 1 cup sour milk; 3-4 teaspoon soda; 1 egg. Sift flour, salt and sugar together; dissolve soda in sour milk and add gradually to the flour, beating smooth. Add well beaten egg. Bake on a hot, iron griddle, slightly greased with Cottolene. Let the cakes spread on griddle until quite thin.

Cottolene makes all foods palatable and easily digested. It goes much farther than butter, lard or any other cooking fat and is more economical.

Learn the facts about Cottolene in our excellent Recipe Book, HOME HELPS, written by five leading cookery authorities. Drop us a postal for YOUR copy—it's FREE.

THE N.K. FAIRBANK COMPANY CHICAGO

New Room ready for PLASTERGON — PLASTERGON nailed directly to studding — Finished Room showing one of the many attractive panel designs possible with Plastergon

THE SIMPLICITY of PLASTERGON

is not only in the idea of using a wood-fibre board instead of lath and plaster, but in the ease and inexpensiveness of installing and decorating.

Plastergon can be applied by any carpenter or builder, or even any inexperienced person of ordinary intelligence. It can be applied to new walls, or over old lath and plaster as desired; the sheets of Plastergon being simply nailed to the studding. The large range of sizes prevents waste.

PLASTERGON WALL BOARD can be removed and replaced to install wiring or plumbing without injury or expense. Plastergon saves you money both in installation and up-keep, and you can have samples suggestions and estimates by addressing the Plastergon Wall Board Co., Service Department, Tonawanda, N. Y. or by calling at our store.

THE BUILDERS' SUPPLY CO., Wilmington, N. C.

TWO BOARDS GET TOGETHER

Item in Health Budget for Sanitary Police Allowed to Stand—Disagree on Salary of Superintendent.

The joint conference yesterday afternoon of the City Council and the County Commissioners resulted in an agreement on the part of the members of the Council to concur with the Commissioners in approving the item in the new health budget for seven sanitary police, the same number as now employed in the department; the Commissioners agreed to concur with the Council in an increase of salary of $10 a month for the meat and dairy inspector; leaving but one issue between the two bodies, that of the salary of the superintendent, which has been fixed at $2,500 a year by the Council and $3,000 a year by the Commissioners.

There will be no further conferences on the budget, as it will not be necessary, and the amount that will be paid the superintendent is at the rate of $2,500 a year unless the difference is made up by citizens who are interested in the health work that is being done, which it was hinted would be done. Mr. M. S. Willard, who occupies the dual position of chairman of both the Board of Health and Board of Commissioners, stated that the superintendent would continue to receive his salary at the rate of $3,000 a year, until the end of the fiscal year, as he had been elected by the Board of Health at this salary, one man already having offered to pay $100 toward making up the difference. Councilman Merritt said that he was willing for the Board of Health to make up the difference in any way it saw fit; that the board had appealed to the public through the press, now let the public come in and help out the board.

It was brought out in the discussion of the item, relative to health officers, which the Council last week declined to approve, that the reason the Council desired to employ the officers and have them under the direction of the superintendent of the sanitary department was in order to have sufficient number of inspections made each day to keep the sanitary force busy at night cleaning the closets so that the work, instead of running at a loss as it did while operated by the health department, would at least pay expenses.

Chairman Willard explained to the conference that no matter which, the city or the county had charge of the health officers, there would always be days when the number of inspections would not equal the number of closets that could be cleaned that night just as there are days when the number of inspections greatly exceed the number that can be cleaned. It is simply something that cannot be made to work out exactly every day, he said.

The records show, said Councilman Merritt, that there has been a falling off in the number of inspections since the city took over the work in September. Chairman Willard thought the records would show otherwise and also that there was no real falling off in the number, though seemingly there is, because of the very commendable activity of the city sanitary department the work is kept right close up with the inspections. Chairman Willard proposed that if any member of the sanitary police squad was not doing his duty, if the same were reported to the Board of Health a thorough investigation would be made and if the complaint was sustained, the officer would be dropped promptly.

The plan of the Council, as explained, was that five officers could do the work now done by the seven sanitary police and by the two collectors in the city sanitary department, using the men for closet inspections and when they are through with this work then to report to Dr. Nesbitt for work in the health department. The city planned to pay the salaries of these men, calling on the county for no part of it.

Members of the Board of Commissioners maintained that this plan would never work satisfactorily and besides the number of men proposed could not do the work that will be required of them. Chairman Willard pointed out the fact that the sanitary police have other duties than merely making inspections of the closets; this is a very small part of their work, he said.

The Commissioners took the position that if the Council insisted upon having its own health officers to do the sanitary inspection work that an appropriation would have to be made for several sanitary police officers reporting to and working exclusively from the health department. It was stated also that the men in the sanitary department of the city could not be health officers under the law as the health act gives to the Board of Health the power to elect its helpers and assistants. This point was brought out by State Senator Marsden Bellamy, who was present at the request of Chairman Willard.

Senator Bellamy was asked by Chairman Willard to state the intention of the legislators in framing the amendment to the health law, whether or not it was intended to do away with the health officers.

He replied that it was not the intention and further advised that as he viewed the matter the only question for the joint conference was to determine the number of sanitary police that would be given the health department. The right to take away all the health officers was not given, he said.

Following the remarks of Senator Bellamy and after some further discussion, during which several propositions and counter propositions were made, the Councilmen decided to approve the budget for the seven health officers. Councilman Merritt was the last man to give in. He said that he would not stand out against the entire board, but that he was still of the opinion that five men could do the work, do it more efficiently and at a greater saving to the city than it is now being done with nine men, seven in the health department and two in the city sanitary department.

The conference next took up the salary of the superintendent, which had been fixed by the Council at $2,500 a year for the remainder of the fiscal year and by the Commissioners at $3,000 a year, which he is now receiving. Councilmen Loughlin and Chadwick were willing to concur with the Commissioners. In fact, they urged that the Council agree to this salary. They took the position that the Council was morally bound, on account of a certain agreement between the Council and the Board of Health, to continue the present salaries until the end of the fiscal year. The committee entering into the agreement with a committee from the Board of Health was composed of Councilmen Loughlin, Chadwick and Merritt. The agreement was in connection with the

(Continued on Page Eight.)

PRIZES AWARDED AT FAIR

Hundreds of People Visited the Corn Show and Fine Arts and Industrial Exhibit—Splendid Success in Every Way.

Yesterday was the third and final day of the New Hanover Corn Show and Fine Arts and Industrial Exhibit, and was featured by the awarding of prizes for the various displays of agricultural exhibits and for the elaborate displays given under the auspices of North Carolina Sorosis. The crowds that visited the fair yesterday were as large as on the two days preceding and from every standpoint the fair was a splendid success.

The building on Chesnut street in which the fair was held has been packed with the throngs of people who came to see the many exhibits from morning to night each day and the only drawback that has been experienced was on account of the lack of room. It has been demonstrated conclusively that the people of this section are greatly interested in everything that makes for the upbuilding of the community. The fair has been highly successful in arousing interest in the great possibilities that New Hanover and adjoining counties have if their resources are properly developed.

The committee on arrangements for the Corn Show, consisting of Messrs. L. B. Sasser, George H. Hutaff and J. P. Herring are enthusiastic over the outcome of their efforts. When they started out to get up the show they called upon the different merchants of the city and other business men to aid them in financing the enterprise which they gladly promised to do. However, the profits from the Coca-Cola stand were more than enough to pay the expenses of this feature and they have been able to inform the business men of the city that it would not be necessary for them to contribute anything.

North Carolina Sorosis also was most successful in disposing of the many articles offered for sale, and will realize enough from the profits to pay the expenses of this part of the fair, and have a nice balance left. They have received the loyal co-operation of the business men of the city in getting up the Fine Arts and Industrial Exhibit for which they are deeply grateful.

The prizes for the best corn yields during the past year by members of the Boys' Corn Clubs were awarded yesterday morning. Mr. D. L. Gore delivered them to the successful ones, and took occasion to congratulate all who took part in the contests for the fine results which they achieved. There were $260 in money, a ton of guano, and 100 fruit trees offered as prizes. These were contributed by the following gentlemen: Dr. L. B. Sasser, $100; Mr. George H. Hutaff, $100; Mr. D. L. Gore, $45; Mr. Chas. N. Evans, $15; The W. B. Cooper Co., one ton of guano; Mr. W. H. Howe, 100 fruit trees. The prizes for improved land, which were contributed by Messrs. Sasser and Hutaff, were open to all contestants, either men or boys, while those for unimproved land were open to the boys alone.

Following is a list of those winning prizes in the contests:

Sasser-Hutaff Fund.

The corn prizes are as follows:

P. H. Rasberry—Prize, $50; bushels one acre, 136 8-9; average cost one bushel, .14.

Edwin Rasberry—Prize, $40; bushels one acre, 130 3-8; average cost one bushel, .13 1-3.

Dozier Murray—Prize, $35; bushels one acre, 120; average cost one bushel, .11 7-10.

Jesse Rivenbark—Prize, $30; bushels one acre, 124 49-50; average cost one bushel, .21 10-31.

D. K. Futch—Prize, $25; bushels one acre, 116; average cost one bushel, .11 1-10.

Clarence Dempsey—Prize, $20; bushels one acre, 115; average cost one bushel, .21.

J. W. Murray—Prize, 1-2 ton guano; 112 2-3 bushels to one acre; average cost one bushel, .11.

F. J. Dempsey—Prize, 50 fruit trees; bushels one acre, 109 3-8; average cost one bushel, .22.

Unimproved Land.

T. O. Murray—Prize, $25; bushels one acre, 111; average cost one bushel, .28.

R. G. Johnston—Prize, $20; bushels one acre, 09 1-4; average cost one bushel, .45.

Hosea Horne—Prize, $15; bushels one acre, 64 22-100; average cost one bushel, .37 3-4.

Vernan Kerr—Prize, 50 trees; bushels one acre, 56; average cost one bushel, .49 2-7.

Eddie Van Bavill—Prize, 3 sacks of guano; bushels one acre, 54; average cost one bushel, .39.

Rex. Kern—Prize, two sacks guano; bushels one acre, 44; average cost one bushel, .45.

The prizes for the best exhibits at the Corn Show, a list of which was printed in yesterday's Star, were presented to the successful contestants yesterday afternoon by Mr. F. A. Brown. In connection with the awarding of the prizes Mr. Brown gave some significant facts about the corn-growing possibilities of this section. His talk was most instructive and along lines of practical interest.

To the list of prizes for the best exhibits in the Corn Show should be added the name of William J. Berry, Jr., who won the blue ribbon for the best exhibit of fish. He is only 10 years of age, but already has the true spirit of the angler, and had a most creditable exhibit.

A feature of the Fine Arts and Industrial Exhibit yesterday were the babies who won prizes in the Better Babies' Contest. They were the subjects of admiring interest on the part of the throngs of visitors throughout the day.

The prizes given by Sorosis were awarded last night and were presented by Dr. L. B. Sasser, Robert Ruark, Esq., and Mr. E. H. Munson. These included prizes for all kinds of art and industrial work by both women and children. The exhibits were indeed a credit to those who were responsible for getting them up.

The list of prize winners follows:

Best Marmalade—Mrs. E. D. Harvey.

Best Jelly—Mrs. John D. Bellamy.

Best Pickles—Mrs. Harry Smallbones.

Best Preserves—Mrs. B. T. Hopkins.

Best variety of Canned Stuff—Mrs. P. H. Rasberry.

Best Pound Cake—Mrs. C. H. Fore.

Best Layer Cake—Mrs. J. [illegible] Bunting.

Best Pound Cake made from [illegible] Flour—Mrs. C. H. Fore.

Best Loaf of Bread—Mrs. [illegible] Taylor.

Best Dozen Rolls—Mrs. H [illegible] Cover.

Best Beaten Biscuit—Mr [illegible] Northrop, Jr.

Best Beaten Biscuit m

INTRICATE QUESTION OF LAW

Did Guard Have Lawful Right to Whip Joe Mason, Convict, for Conspiring to Make His Escape?

The Recorder is frequently confronted with puzzling situations in his efforts to administer justice, but he had a new problem yesterday in a case against Mr. Grady Cook, an officer at the county convict camp, charged with whipping Joe Mason, a convict, who conspired with Barney Lear, another prisoner, to escape from the camp last July. They were both indicted for conspiring to make their escape, and pleaded guilty to this charge at the term of Superior Court now in session.

Mason and Lear attempted to overpower Mr. Batson, a guard, but their efforts were foiled before they succeeded. A day or so after the attempt was made Mason was whipped by Cook for this conduct, Lear escaping corporal punishment on account of physical infirmities. It was admitted that the whipping was imposed for the conduct of Mason in attempting to escape, and it was not contended that the punishment inflicted was either unusually severe, brutal or inspired by malice. There is a penalty attached by statute for conspiring to escape, and the question at issue in this case, is whether or not Grady had a right to administer punishment for an offense for which the law provides punishment.

Marsden Bellamy, Esq., representing the defendant, argued that for the maintenance of discipline in the camps it was necessary that those in authority be permitted to discipline convicts. He contended that the relationship of parent and child, master and servant and other similar relations permitted the moderate punishment for such purposes, and that to hold otherwise in the case of officers in charge of State prisoners would mean to destroy all semblance of discipline and efficiency in convict camps.

Solicitor Peschau stated that he agreed with Mr. Bellamy in the views advanced that moderate punishment for the purpose of correction was essential, and that he realized that, in many instances, camps would be disorganized if the right to punish for the infractions of certain offenses was denied the officers in charge. He advanced the theory that where a convict was sent to work on the roads that officers might in a moderate manner punish such convicts when they wilfully refused to work or were guilty of something more than a frivolous violation of regulations.

Under such circumstances, he said, officers are endeavoring to carry out the sentence of the court that the prisoners shall work on the roads, and if the prisoner refuses to work after being sent to the roads the court itself could not punish him and the responsibility lies with the officers. The solicitor, however, argued that in the case on trial the law fixed a specific punishment for Mason's offense, and has provided that a conspiracy to escape is an indictable act for which the prisoner can receive a further imprisonment.

He, therefore, maintained that there was no occasion arising from necessity in the case which required a different punishment, and that he doubted seriously the right of the officer to add additional punishment, even for corrective purposes, to that which the law has expressly fixed for such offenses.

Recorder Furlong reserved his decision until today. Should he find Grady guilty of an assault as charged the case will most likely be appealed to Superior Court, now in session.

Patrolman H. G. Bullard diked up in civilian attire Wednesday afternoon and with the aid of the police motorcycle made five arrests before night for alleged violations of the speed limit ordinance for automobiles and motorcycles. They were before the Recorder yesterday, and judgment was suspended upon payment of the costs in each case. The names of the automobilists were Messrs. Frank Montgomery, S. G. MacMillan and Leroy Polvogt. Mr. A. McComber was taxed with the costs for exceeding the speed limit while riding a motorcycle. John McKoy, colored, charged with a similar offense, had to pay the costs.

Joe Whaley and Rosa Townsend, both colored, have been running a public dance hall. Recently conditions had gotten to the point where the hall was alleged to be a nuisance, and the proprietors were arrested for committing a nuisance. Whaley was sent to the county roads for three months, and the woman paid a fine of $25. Alexander Grice, colored, who was found on the Seaboard yards beating his way on a train, was sent to the roads for 30 days.

J. P. Pearce, white, charged with an assault upon his brother-in-law with a deadly weapon, entered a submission, and judgment was left open until Saturday.

BRIGADE BASKETBALL.

Two Games Will be Played in the Gymnasium This Evening.

The regular games in the Friday Night Basketball League at the Boys' Brigade will be played in their gymnasium tonight when the Eagles and Cardinals will do battle and Company B meets the Giants.

The latter team secured the franchise of Company A team, which surrendered its connection with the league last week. Clarence Davis had a team which was anxious to meet the crack teams of the Friday Night League and immediately upon learning that there was an opening in this league made application for the position and secured it, hence the presence of this team instead of Company A.

The games will begin at 8:30 and the public is invited. An overflow crowd is expected. About 125 persons can be accommodated and all can see perfectly, which is one reason for the popularity of these games. Admission free.

Colored Farmers Are Invited.

Messrs. L. B. Sasser, George H. Hutaff and J. P. Herring, the committee in charge of the Corn Show, will be on hand this morning at the building, and invite all the colored people of the city and county, especially the colored farmers, to come and look over the display of corn and other agricultural products. They believe that this will be a fine object lesson for them, and that they will appreciate this opportunity of learning something of what has been done by white farmers of the county during the past year.

[illegible] Harper Appointed.

With its constantly enlarging interests in Wilmington, the Seaboard Air Line has appointed Dr. Chas. T. Harper, of this city, as assistant surgeon for this district. Dr. Harper will enter upon his duties at once. Dr. M. M. Caldwell is the district surgeon.

ASK FOR LIGHTHOUSE DEPOT

Government Considering Removal from Charleston to Another Port—Chamber of Commerce Wants It Here.

In view of the fact that the government is contemplating removing the lighthouse depot for the sixth district from Charleston, S. C., to another port, the Chamber of Commerce at its regular monthly meeting yesterday afternoon authorized the president, Mr. M. J. Corbett, to communicate to the North Carolina Representatives in Congress the desire of Wilmington business men that it be located at or near this city on the Cape Fear river.

The meeting was held in the rooms of the Chamber at 4 o'clock and was presided over by President Corbett. A record of the proceedings was kept by the secretary, Mr. Howard B. Branch. There was not a large attendance, and the only matter taken up was that of securing the lighthouse depot.

President Corbett stated that the government was contemplating moving the lighthouse depot for the Sixth district from Charleston to some port farther South, possibly Savannah or Brunswick, Ga. The people of Charleston are opposed to this, and have asked that Wilmington co-operate with them in keeping it at its present location. Mr. Corbett thought that Wilmington was the logical place for it, and that if the government was going to make a removal that it should be located in this vicinity. However, if this is not practicable he was of the opinion that it should remain at Charleston.

The following resolution, prepared by Mr. James Sprunt, chairman of the harbor, shipping and commerce committee, was introduced by President Corbett, and seconded by Mr. H. C. McQueen:

"Whereas, it has been intimated to this Chamber that the Federal government is considering a proposal to remove the lighthouse depot of the Sixth district from Charleston, S. C., where it has been established for many years, and whereas the harbors of Southport and Wilmington within the said district are probably as well adapted to this purpose as that of any other Southern port within the Sixth district, be it

"Resolved, That the president of this Chamber be requested to communicate to our Representatives in Congress the desire of our business people that this depot be established at or near Wilmington on the Cape Fear river, and if this is not practicable to advocate its remaining where it is now located."

The resolution was adopted unanimously after a short discussion. It is understood that the government has appropriated $300,000 to erect a new building, and its erection here would mean much to Wilmington.

The A. B. Croom, Jr., Co., was elected a member of the Chamber of Commerce, and there being no other business requiring attention at this time the meeting adjourned.

REAL ESTATE TRANSFERS.

Several Deeds Were Filed for Record at Court House Yesterday.

Deeds were filed for record yesterday as follows:

F. J. Gooding and wife to Caroline K. Myers and Chas. D. Myers, for $1,000 and other considerations, lot on southwest corner of Second and Dock streets, 55 feet on Dock street and 66 feet on Second.

Geo. T. Farrar to W. P. Farrar and wife, for $10 and other considerations, lots 25 and 26, Winter Park Gardens.

Edward Dosher and wife, et al., to Mary Emma Bell, for $750, lot on west side of Eighth street, 99 feet north of Wooster, 33x165 feet in size.

Sarah F. Morris to E. H. Cranmer, trustee, two lots on Chesnut street, and one on north side of Queen, 66 feet east of 12th, 66x99 feet in size.

John H. Beery to Elijah A. Chadwick, for $1,000 and other considerations, lot east side of Fourth street, 132 feet south of Taylor, 33x150 feet in size.

SPITTING ON SIDEWALKS.

Chief Williams Gives Orders to Policemen to Enforce Ordinance.

Chief of Police Williams stated yesterday that he had issued orders to all the patrolmen to enforce strictly to the letter the anti-spitting ordinance. The ordinance prohibits spitting on the sidewalks, on the floors of public buildings and in other public places and directs that a fine of $1 shall be imposed for each and every offense. Chief Williams several days ago directed the policemen to keep a close watch for spitting on the sidewalks, and if anyone was seen violating the ordinance that they should be warned before they were arrested. It is the chief's intention not to be unduly harsh in the enforcement of the law, and he prefers that the people here observe the law without having to be brought into court. However, if they persist in the practice they may expect to be arrested.

Work at King's Bluff.

Capt. Ridley, who has charge of the construction of the locks and dam at King's Bluff, on the Cape Fear river, in his report of November 11th to Major Stickle, United States District engineer, states that during the first ten days of November 476 piles were driven, making a total of 1,353 that have been driven to date and leaving 497 still to be placed. Work on the preparation of the concrete yard and the construction of a concrete mixing plant is now in progress. The preliminary work at Brown's Landing, where the second set of locks and dam will be built, was completed on November 5th. On account of a rise in the river on November 10th, Capt. Ridley states that the work at King's Bluff will be delayed four or five days.

CORRECT STYLES IN MEN'S TAILORING.

Are Assured When You Buy International Made-to-Measure Clothes.

You are likewise certain of getting the newest ideas in materials and the finest tailoring. These in conjunction with popular prices makes a combination of good features which are pretty hard to beat. Drop in and see my tremendous variety of fascinating fabrics. Look at the suits I offer at $15, $18, $20 and get wise to the fact that at these prices you can secure as fine a domestic fabric as any man would wish for. If you want to see the very limit of fabric elegance—the last word in clothes distinction—$25, $30 and $35 will secure for you a suit of flawless tailoring made from imported fabrics of peerless quality and beauty. I. Shrier, the largest and most Reliable Tailoring Concern in the South, Northeast corner Front and Princess streets. No. 14-16-2t.

WHERE ARE THEY NOW?

In your time, you have seen a good many spendthrifts—the good fellows, as they are called.

Where are they now? We don't need to tell you.

Then—the fellows who worked hard and saved their money slowly until they had backing capital—where are **they** now?

They are the employers—the spendthrifts are the employed. This doesn't imply that every employe is a spendthrift; the hard-working, thrifty laboring man is the back-bone of this and any other community. But **every man who saves can become his own boss.**

We'll help you along by welcoming small deposits, guarding your interests safely and giving you the very best of courtesy and modern scientific banking service.

THE C. W. POLVOGT COMPANY

"The Store That's Always Busy"

Warm, Comfortable Wearables for These Cold, Breezy Days!

There Are Two Kinds of Ready-to-Wear Apparel.

POLVOGT'S SELL ONE KIND

There is one kind of Ready-to-wear apparel made only to "boost" sales. There is another kind made to "Build Business." POLVOGT'S sell Ready-to-wear Garments of the latter kind — the kind that "builds business." Whether the garment be a Coat Suit, a Dress, a Party Gown, a Coat or a Skirt, the garments purchased at POLVOGT'S are in every way reliable and trustworthy. They are garments designed and sewn to give permanent satisfaction in Style, Fit and Wear. Such garments are the kind you want. See POLVOGT'S assortments this week.

Many new arrivals have been unpacked this week—notably Suits for Misses, in many pleasing styles, showing bright colors in Sash and Girdle effects.

Silk Times Have Changed

Once upon a time women had their "best Black Silk" on Sundays. Today there need to be a half dozen kinds. Today the choice and variety of Silks is bewildering.

Polvogt's Silk assorments have been chosen to meet your demands in kinds and colors. For example, see our Colored Brocaded Silks at $2.50 a yard.

42-inch Colored Brocade Silk Chiffon, $1.75 a yard.

Crepe de Chines and Meteors, at $2.00 a yard.

Colored Broche Charmeuse, at $1.75 a yard.

Colored Figured Crepe Silks, 59c.

Striped Colored Messaline, at $1.00 yard

27-inch Colored Corduroy, at $1.00 yard.

Black Crepe de Chine, 42 inches wide, yard $1.75.

19-inch Brocaded Velvets, in several colors, yard at $1.50.

White Crepe de Chine, 40 inches wide, yard $1.75.

New Scotch Plaids, special yard at 9c

Plaids that are in great demand now for trimming, also for Children's Dresses. We have them in all the bright shades and size checks. The range is very large to make your selection from.

24-inch Brocaded Silks at per yard $2.00

For Cuffs and Collars.

24-inch Bulgarian Silks for trimming, nice selection to choose from at, yard...$1.00

54-inch Shepherd Check, Special, yard $1.19

The Shepherd Check as you know is very much in wanted vogue—this is an all wool material in black and white checks. Always neat and dressy.

Wash Silks—that don't fear the Tub, at per yard....89c

36-inch White Wash Silks, suitable for Tailored Waists. Navy and black pencil stripe effect. Real dollar value.

COME AND SEE THE NEW FASHIONS AT POLVOGTS——WOMEN'S GARMENTS——READY-TO-WEAR GARMENTS.

Small women and slender figures can be readily fitted, without any effort, in our establishment, because we pay particular attention to their wants. We make this our specialty.

Of course, we have regular sizes, also, but our greatest efforts are based upon producing styles adapted for small women of slender build.

Our Tailored Suits have style and grace, and have distinctive features not seen in garments elsewhere. The woman who has any desire to purchase a Tailored Suit and does not visit our department, has not seen the best there is in Wilmington.

PRICES RANGE $15.00 to $65.00

THE C. W. POLVOGT COMPANY

WILMINGTON'S SHOPPING CENTER

SOCIAL & PERSONAL

Mrs. Lee Formyduvall and Mrs. David J. Lewis, of Whiteville, spent yesterday in the city shopping.

* * *

Mrs. Claiborne M. James has gone North to visit some of her relatives. She expects to be away from the city for several weeks.

* * *

Mrs. J. Claiborne James has returned to the home of her son, Mr. C. M. James, after visiting relatives in Virginia and Kentucky. She will remain with her son during the Winter.

INFORMAL RECEPTION AT ST. JOHN'S LAST NIGHT.

The ladies of St. John's Parish Guild gave an informal reception at the Parish House last night which was largely attended by members of the congregation and their friends. The purpose of the gathering was to get the members of the church together in order that they might become better acquainted with each other. Songs by Miss Delamar, Mrs. W. I. Baxter and Messrs. Thompson and Sutherland were much enjoyed. Mrs. Josh T. James made a short talk on the woman's meetings held in connection with the recent general convention in New York. Mrs. W. E. Cox told something of St. John's mission which has recently been established in Brooklyn. An interesting feature in connection with the mission is a kindergarten which has an enrollment of a dozen pupils, and which is doing fine work. Following the enjoyable songs and talks light refreshments were served. The whole affair was delightfully informal and greatly enjoyed by all present.

MORGAN-SUTTON NUPTIALS AT FAYETEVILLE, N. C.

Fayetteville, N. C., Nov. 13.—One of the most important social events of the season was the marriage yesterday evening of Miss Annie T. Morgan, daughter of Mrs. William Mangum Morgan, and Mr. Thomas Howey Sutton, Jr., son of Judge and Mrs. Thomas H. Sutton. The ceremony took place at "Fairview," the home of the bride's mother on Haymount, and was witnessed by a number of guests. Rev. Louis T. Wilds, pastor of the Highland Presbyterian church, officiated. Miss Morgan's maid of honor was Miss Nannie Marshall, of Virginia, who was gowned in yellow charmeuse and carried white chrysanthemums. The six bridesmaids, who were gowned alike in white charmeuse, carrying yellow chrysanthemums, were Miss Sarah Brockenborough, of Charlotte: Miss Lida Caldwell, Charlotte; Miss Fannie Young, Raleigh; Miss Margaret Williams, Red Springs; Miss Annie M. Pemberton, and Miss Isabel Bidgood. The groomsmen were Messrs. Donald F. Ray, John Hoff, of Charlotte; Edgar Snow, Greensboro; Thomas Barber, Winston-Salem; Terry A. Lyon and W. M. Morgan. The ushers were Mr. John A. MacLean, Jr., and Lieutenant Alfred A. MacKethan. The first ribbon girls were Misses Harriet Hardison and Frances Green. The bride entered with her mother. She wore a creation of ivory crepe meteor draped with Spanish lace, with a court train. Her tulle veil was caught with orange blossoms and she carried a bouquet of Bride roses showered with lilies of the valley. Mrs. Morgan wore charmeuse draped in black Chantilly lace. She carried white carnations. Mr. Wallace Sutton, of Rowland, attended his brother as best man.

The wedding music was by an orchestra from the Southern Presbyterian College, composed of Misses Annie Johnson, Rickson Vardell, Allie Pearsall, Louise Dixon and Margaret Dixon, accompanist. Before the ceremony a selection from Beethoven was rendered. The Bridal Chorus from Lohengrin was the processional; Gounod's Ave Maria was played during the service, while the recessional was Mendelsshon's March.

A brilliant and elaborate reception followed the ceremony. The members of the bridal party received in the north parlor. Mr. and Mrs. David Currie received between this parlor and the punch room, where Miss Jessie McMillan, Miss Alma Peschau, of Wilmington, and Miss Hall, of Meridan, Miss., served punch. Receiving here were Mr. and Mrs. Wilds, Mr. and Mrs. Hector M. MacKethan, Mr. and Mrs. Thorne Clark, Mr. and Mrs. Sam Tillinghast. Miss Fan Williams, Miss Slocomb Smith, Mr. and Mrs. James C. McDiarmid received in the library. Mrs. R. W. Bidgood and Mrs. John M. DeVane cut cream in the dining room, with Misses Effie Sinclair, Isabel Whitted, Kate McArthur, Ellen Robinson, of Wilkesboro. In the gift room Mr. John M. DeVane, Miss Kate D. MacKethan, Miss Kate McPherson officiated. In the coffee room were Mr. and Mrs. John O. Ellington, Dr. and Mrs. A. S. Rose, Mr. and Mrs. C. C. Covington, of Wilmington. Mrs. N. A. Sinclair and Mrs. Kate Shaw, of Wilmington, poured coffee. Mr. and Mrs. C. C. McAlister and Mr. and Mrs. Thomas M. Green welcomed guests at the door.

PERSONAL PARAGRAPHS.

—M. W. Nash, Esq., of Hamlet, is attending Federal Court here and is a guest at The Orton.

—Mr. E. B. Wright, of Boardman, was among the business visitors in the city yesterday.

—Mr. J. F. Gilmore, of Fayetteville, was a guest at The Orton yesterday.

—Corporation Commissioner George P. Pell, of Raleigh, arrived in the city last night, and is a guest at The Orton.

—Mr. W. D. Howell, of Rose Hill, was a business visitor in the city yesterday.

—Congressman John M. Faison, of Faison, was a guest at The Orton last night.

—Included in the arrivals at The Southern Hotel yesterday were Messrs. George Ruck, Rocky Mount; Geo. Smith, Kelly; Boney Rochelle, Willard; T. W. Scott, James Rivenbark, John Rivenbark and E. G. Boney, Wallace; C. M. Carr, Freemans; T. Willoughby, Newberlin; W. K. Allen, East Arcadia; J. E. Cook and J. N. Cook, Little River; D. W. Bostic, Wallace; Capt. George W. Smith, Beaufort.

GUILTY IN SECOND DEGREE

Verdict in Case Against Thomas Dupree, Colored, for Murder—The Jury Recommends Mercy of the Court.

Thomas Dupree, colored, who shot and killed George Nixon, colored, at the Pocomoke factory on October 6th, was yesterday afternoon convicted in Superior Court of murder in the second degree. The jury recommends the mercy of the court. The verdict was returned by the jury at 6:30 o'clock after being out a little over an hour.

Maj. W. N. Harriss, Clerk of Superior Court, took the verdict of the jury. It was after court had adjourned for the day and there were present in the court room only the defendant, his attorneys, court officials and a few spectators. A verdict of second degree seemed to be pretty generally expected by those who heard the evidence.

The defendant claimed self-defense. He claimed that Nixon pursued him with a large stick from room to room in the house in which the tragedy occurred and that he shot only after he had been backed up against a wall by Nixon. There were three witnesses for the State, their testimony being to the effect that the shooting followed a game of cards participated in by the four persons in the room at the time.

The taking of testimony was begun Wednesday afternoon and concluded yesterday, following which the attorneys addressed the jury, Solicitor Homer L. Lyon speaking first, followed in order by Thos. W. Strange, K. O. Burgwin and L. C. Grant, Esqs., for the defendant, and County Solicitor Geo. L. Peschau, who closed for the State.

There are only a few more jail cases to be disposed of. It is likely, however, that there are enough cases yet remaining on the docket to keep the court busy all of today and part of tomorrow. The grand jury is still in session. It is understood that the jury is carrying out the instructions of Judge Rountree and is making a thorough examination of the county offices.

FINISH CRIMINAL DOCKET.

Trial of Civil Cases Begun in Federal Court Yesterday Afternoon.

The trial of cases on the criminal docket in Federal Court was completed yesterday at noon, and the civil docket was taken up in the afternoon. The first civil case taken up was that of Joseph W. Little, Esq., trustee of Ed N. Penny & Co., bankrupt, against the American National Bank. The trial was still in progress when court adjourned last night. It is a suit involving a couple of notes.

Cass Davis, of Columbus, charged with retailing and distilling, was the last case on the criminal docket to be tried. The jury found him guilty of aiding and abetting in retailing and distilling. Judgment was suspended, and he was recognized for his appearance at the Spring term to show good behavior. Judgment was suspended in a case against Ben Locklear, of Robeson, charged with retailing. Judgment was suspended in a case against Gilmore Butler, of Robeson, charged with retailing, and the defendant was recognized for his appearance at the Spring term to show good behavior. Judgment was suspended in the case of Daniel Hill, of Craven, charged with retailing and distilling, and he was recognized to appear at the Spring term of court.

—Mr. Frederick Moore, vice president of the Southeastern Audit Co., is in the city on business.

—Mr. S. G. Ring, of Kernersville, was a visitor in the city yesterday, a guest at The Orton.

LOCAL DOTS.

—Cape Fear Camp No. 254, U. C. V., will hold its regular monthly meeting this evening at 8 o'clock at the W. L. I. armory.

—License was issued yesterday for the marriage of Mr. Josepr R. Mintz and Miss Hattie Piner, daughter of Mrs. Elizabeth Stokley.

—Nelson Jenkins, colored, for whom the police have been looking for several days, was arrested last night by Officer Leon George. He is charged with assaulting Julia Moore, colored.

—Richard Mack, colored, was arrested last night by Officer W. C. Moore, on a charge of assaulting Athlee Davis, colored, by striking her. He was placed in the city prison to await a hearing before the Recorder this morning.

—William Willis, one of the few remaining old-time colored citizens, died yesterday afternoon after a long illness. He was the husband of Eliza Willis, who will have the sympathy of many friends, both white and colored.

—The firemen were called out at noon yesterday by an alarm from box 124 on account of a blaze at No. 908 Walnut street, house owned by Miss Nellie Cook, and occupied by Mary Stone, colored. The fire started from a spark from the chimney and did $25 damage to the roof.

—Charlotte Observer: "Mr. Palmgren, of Wilmington, who has been at work on a flying machine for many moons, is making progress. He now calls the barn in which the machine has been housed a 'hangar.' He promises a flight shortly after Christmas and The Observer will chance a trip to Wilmington to see it."

—The Water and Sewerage Department, in charge of Councilman Wood, is arranging to purchase about $1,000 worth of water meters to be installed in the territory of the recent sewerage extensions. It is not improbable that a special meeting of the Council will be held within the next few days for the purpose of taking action on the request for the meters.

—Councilman Wood announced yesterday that he is gathering data relative to municipal lighting plants which he will submit before the Council at an early date, looking to the establishment of a municipal lighting plant in this city. If the Council turns down his proposition, he said, he will likely submit the question to a vote of the people at an election called for the purpose.

—There are on display in the rooms of the Chamber of Commerce a number of panoramic views of Wilmington which were photographed by Mr. N. F. Neaf, a representative of the Hames Photo Co., of Cincinnati, O. One is a photograph of the northwestern section of the city from the top of the Atlantic Trust & Banking Co., building, a view of the water front from the top of the union station and one from the river.

Will Erect Building.

Through the real estate agency of Mr. L. W. Moore, Miss Caroline Myers and C. D. Myers yesterday purchased from Mr. F. J. Gooding and wife the lot on the southeast corner of Second and Dock streets, the consideration being about $6,000. The property fronts on Second street 66 feet and on Dock street 55 feet. It is understood that the new owners will erect on the property a building to be used by them as the home of their business, the Eureka Dye Works. Work is not to be started for some months yet, however.

Will Preach at Phoenix.

Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, will preach Sunday morning at 10:30 o'clock in the Presbyterian church at Phoenix. This will be Mr. Crowley's last service at the church, and Rev. Mr. Eubanks, of Wilmington, will assume charge of the church.

..Theatrical..

Each season brings with it remarkable changes in the taste of the public for amusement. Last year, musical comedy was all the rage. This year the really good plays, those with established metropolitan reputations, seems to have the call. Among those that have met with substantial recognition is "Kindling", a remarkable story of New York life. Manager Comes is happy to announce that this great play will be presented at the Academy next Thursday with a cast of well known artists headed by Miss Anna Day. "Kindling" never fails to afford an evening of thorough enjoyment.

Superb Offering at Grand.

'Tis another superb offering the cozy, handsome Grand has today and that will immensely delight the people of Wilmington. The Grand is certainly opening the big blade these days and is cutting a tremendous dash. Today's galaxy of what is bright and best will be led by a film of exceptional novelty, "A Short Life and a Merry One", telling a tale of dummies that are touched by a magic wand, come to life and go for a brief trip into the city. The adventures the dummies encounter are exceedingly funny and will cause screams of laughter. A fine cast appears in the film, including Frank Lyon, William West, Dan Mason, Gertrude Braun and Edwin Clark.

The Vitagraph's "Ann of the Trails" is another corker on today that will be greatly appreciated. It is a dramatic with a grip. Essanay's "Three Scraps of Paper", is still another one of splendid nature and that will prove a rare treat. Yet another one, making the fourth big film success on today's programme, will be Edison's "Birds of the Southern Seacoast." which is instructive, as well as greatly entertaining. The same old Grand figure of admission—5 cents—is holding forth.

Big Week at Bijou.

The popular Bijou will reach the crest of its big week today when it will offer the great Warner three-reel film, "In the Clutches of the Ku Klux Klan." It is the most brilliant offering of this special week, which the Bijou has jammed with big and superb things. More than that, it will be strikingly interesting to people of this city, as it is a North Carolina story. It is founded on the exciting times in North Carolina, when the Ku Klux Klan held forth and it will furnish a thrill every second. Hundreds of people will appear in the production and North Carolina scenery that will be recognized by many will be flashed on the screen, as the different scenes are depicted. A notable cast will appear, including the charming, favorite emotional actress, Miss Gene Gautier. It tells of the days when the Ku Klux Klan for proformed after the Civil War for protection of the people of this State. Afterwards lawless bands sprung up and took the title. It is the biggest special release ever offered anywhere and the Bijou will, no doubt, be packed today, both afternoon and night. This will not be the only feature of today's big show, however, as Kalem's latest, "The Hermit's Ruse" will be offered, and there will be other features. All this and the price of admission will not be advanced, being but 5 cents.

District Meeting Odd Fellows.

The regular meeting of the Odd Fellows of the Sixth district will be held at Clinton with Clinton Lodge No. 124, next Tuesday. There are 11 lodges in the district. Mr. L. W. Moore, of Wilmington, is president. A committee is now at work on the programme.

Athens, Nov. 13.—A treaty of peace between Greece and Turkey was signed tonight. The peace delegates reached an agreement Tuesday on practically all points under negotiation and initiated the draft.

More sold than all other package coffees combined

If you could stack up all the *other* package coffees used in this country in one pile, and all the Arbuckles' Coffee in another, the Arbuckle pile would be the bigger of the two.

That means, of course, that more people drink Arbuckles' than all the others combined.

Just think that over a minute—just imagine the thousands upon thousands of kitchens that are filled with its appetizing fragrance every morning!

Arbuckle presents are famous. See list in each package of Arbuckles' Coffee. Start collecting today.

There must be something *better* about Arbuckles' Coffee, or it wouldn't be preferred by *more than half* of all the users of package coffees. Of course, people have *tried* other coffees. But they come back to Arbuckles' because they find that nothing else compares with it in *value*. It gives more quality and more satisfaction for the money.

Have you had a cup of Arbuckles' recently?

If not, get a package and try it. See how good it smells—just a whiff from the kitchen will give the whole family an appetite. And when they taste it, they will all say: *"That's great!* Can't we have it *every* day?"

Arbuckles' Coffee

"An honest coffee at an honest price"

Sold only in specially treated, sealed packages—never in bulk.

COTTON MARKET WAS QUIET

Heavy Losses Recorded in the Early Part of the Day But Swift Upturn Just Before Close Cancelled the Loss.

New York, Nov. 13.—The cotton market was comparatively quiet today, but ruled generally steady on talk of small ginning returns for the period ending tonight and the failure of Southern offerings to increase in keeping with yesterday's rumors of an easier spot situation.

There were renewed reports that a considerable amount of ocean freight room had been engaged for shipment from the local stock, but November contracts were again relatively easy and the close was steady, at a net decline of 3 points on that position, while other months were from 4 to 7 points net higher. Steadier Liverpool cables than expected prompted considerable covering at the opening here, and first prices were 1 to 3 points higher. There had been numerous private wires in circulation here yesterday, indicating a slack demand and increased offerings in the interior, and there had probably been considerable selling on the expectation that these reports would be followed by increased hedge selling in Liverpool, and the local market this morning. The South, however, seemed to be offering very little cotton, either here or abroad, and prices gradually worked higher on a scattering demand for both accounts. Slight reactions occurred from time to time, during the day, but there was no aggressive selling pressure, and after showing a net gain of from 9 to 12 points, the market closed steady, within 4 or 5 points of the best.

Private spot advices from the South were less bearish today, while there were numerous reports from the Eastern belt that the crop was nearly picked and that gins were running on short time.

Spot cotton, quiet. Middling uplands, 13.60; do. gulf, 13.85. Sales, 627.

THIS YEAR'S TOBACCO.

Figures Showing Amount of Crop Put on the Market.

Washington, Nov. 13.—Leaf tobacco held by manufacturers and dealers other than the original growers on October 1st, amounted to 1,108,270,411 pounds compared with 1,359,252,597 pounds on April 1, 1913, and 1,047,404,560 pounds on October 1st last year, the census bureau announced today.

Chewing, smoking, snuff and export types aggregated 706,787,718 pounds as follows:

Burley 22g,097,374, dark district of Kentucky and Tennessee; dark fired as grown in Clarksville and Hopkinsville and Paducah districts 114,524,446; Henderson 7,818,038; Green River 50,389,414; Onesucker 31,867,951; Virginia sun cured 1,232,437; Virginia dark 33,730,127; bright yellow district of Virgina, North Carolina and South Carolina 227,986,976; Maryland 6,772,798; Eastern Ohio export 702,191 and all other domestic including perique-Louisiana 647,966.

Cigar types aggregated 345,776,153 pounds as follows: New England, including Connecticut 44,093,836; New York 4,975,000; Pennsylvania 127,327,880; Ohio 83,925,930; Wisconsin 72,065,284; Georgia and Florida 8,350,969; Porto Rico 4,128,100; and all other domestic 899,154. Import types aggregate 55,706,540 pounds. The 1,108,270,411 pounds of leaf tobacco on hand October 1st, includes 711,679,123 for which the "marked weight" was reported (that is weight at the time it was packed or baled) and 396,591,288 pounds for which the "actual weight" was reported.

CLEAR UP DIFFICULTY.

Internal Revenue Officers Make History of Weighty Question.

Washington, Nov. 13.—Internal revenue officials today cleared up one of the difficulties in the way of a clear comprehension of the income tax law among foreign investment brokers and banks, in regard to the procedure necessary in the case of an allen who holds investments in American securities.

In a circular letter to collectors the bureau points out that while coupons or orders for registered interest payable in the United States representing interest on bonds owned by non-resident aliens must be accompanied by a certificate to this effect, the certificate may be signed either by the owner or in his behalf by a reputable bank or collecting agency.

In the opinion of Treasury officials this explanation may do much to lighten the troubles of European investors and clear a situation which foreign financiers are quoted as saying would lead to a falling off in alien investments in American stocks.

THE DRY GOODS MARKET.

New York, Nov. 13.—There was an active demand today for overcoatings for quick delivery to Western buyers. Moderate duplicate orders are coming in on suitings. Raw silk w higher for the day. Cotton goo showed little activity. Jobbers di steady seasonable trade.

The Old Standard general stren ing tonic, GROVE'S TAST chill TONIC, arouses the live tion, drives Malaria out of t and builds up the system. F and children. 50c.

(Advertisement.)

STEADY STOCK MARKET BREAKS EVEN

Comparatively Quiet but Ruled Generally Steady on Talk of Small Ginning Returns—Net Gain of 9 to 10 Points.

New York, Nov. 13.—The upward turn in stocks was halted today. The market under pressure and the range of prices was materially lower until a swift upturn shortly before the close virtually cancelled the day's losses.

The varying aspects of the Mexican situation were reflected in the market's movements. Dispatches from Mexico over night reported a break in negotiations with this country. As the rally of the two preceding days was based largely on the assumption that the situation had greatly improved this sudden change removed the main prop of the bulls. Shortly before the end of the day's trading came reports of Washington of decidedly favorable developments which caused the market to rally strongly.

Several new low records were made on the early break. New Haven fell two points to 76, and Mexican petroleum receded a similar amount, to 41¾, in both cases, the lowest prices at which these stocks have ever sold. On the final upturn, Mexican Petroleum was buoyant, jumping 4 points from the day's bottom price.

Sharp declines in a number of high grade stocks and bonds indicated that liquidation was still in progress, although selling of this nature was on a smaller scale than a few days ago. Further reductions in steel prices were reported.

The failure of H. R. Hollins and Company was without effect on the stock market. For some time the street had been filled with rumors of a forthcoming failure.

The bond market was heavy. There were increasing sales of gilt edged issues. Total sales, par value, $2,070,000. United States bonds, unchanged, on call. Total stock sales, 2,225,000, including: American Tobacco, 300; A. C. L., 100; C. and O., 400; Lehigh Valley, 4,200; Reading, 38,000; Southern Railway, 400; do., pfd., 200; Tennessee Copper, 100; United States Steel, 48,000.

BAILEY'S APPOINTMENTS.

Ratified at Washington—Federal Court Officers—Other Notes.

(Special Star Telegram.)

Washington, D. C., Nov. 13.—Thirteen Democrats were admitted to the pie counter today when Commissioner Osborne approved the recommendations of Collector Bailey for deputies and clerks in his district.

They are: H. M. London, of Chatham county, chief deputy, at a salary of $2,400 per year; W. L. Brown, of Pitt, office deputy; L. D. Meadows, of Alamance, office deputy; Walter L. Steele, of Richmond, stamp deputy at Durham; Edward James, of Martin county; I. M. Tull, of Lenoir county; W. J. Robinson, of Cumberland; J. R. Kennedy, of New Hanover, and H. G. Gulley, of Wake county, division deputies. J. P. Steel is promoted from a salary of $1,000 to $1,050 with an annual expense account of $850.

Mrs. W. E. Shipp, of Raleigh, will have the unique distinction, perhaps, of being the only woman in North Carolina to be appointed a deputy collector. Miss Flora E. Crouch and Brice Little are given permanent employment in the Raleigh office.

Attorney General McReynolds told Senators Simmons and Overman today that he is ready to remove District Attorneys Holton and Seawell and Marshals Dockery and Logan. He said the recommendations of Messrs. Hammer, Winston, Dortch and Webb were satisfactory to him, and that he would appoint them whenever the Tar Heel Senators thought best. Senators Simmons and Overman, it is understood, told Mr. McReynolds that they would consider the question of allowing the Republican incumbents to hold over until after the Fall courts adjourned—about the first week in December—and then put the Democrats in. The attorney general suggested that in the meantime it would be a good idea to have Webb, Winston, Dortch and Hammer come to Washington and have a talk with him. The Democratic candidates will be notified to report at Washington as soon as practicable.

Unless the North Carolina Senators change their minds it is believed that the four Republicans will not be removed until December. It is certain, however, that they will not be allowed to remain in office after the courts adjourn, and it is more than probable that they will be dismissed even before that time.

D. A. McDonald and C. A Muse, of Carthage, are here. Mr. McDonald desires a Federal appointment. It is believed he will be made a deputy marshal.

Representative Claude Kitchin has asked the Department of Justice to push the proposed investigation of the peanut trust. The Second district Congressman has filed data which the department believes will prove valuable when the investigation is started.

P. R. A.

FINANCIAL MARKET.

New York, Nov. 13.—Call money, firm, at 3½@3¾; ruling rate, 3¾; closing bid, 3½@3¾. Time loans, steady; sixty and ninety days, 5¼; six months, 4¾@5. Prime mercantile paper, 5½@6. Sterling exchange, fairly steady, for demand, 4.8515. Commercial bills, 4.80¼. Bar silver, 59½; Mexican dollars, 46.

CHICAGO WON.

New York Lost to American League Team Yesterday.

Oakland, Cal., November 13.—The New York Nationals lost to the Chicago Americans today.

Chicago	100 000 400	5	11 2
New York	000 000 101	2	7 4

Russell and Schalk; Wiltse and Meyers.

SIDEWALKS.

Sealed proposals for sidewalks paving will be received by the Mayor at the City Hall, Wilmington, N. C., up to Noon, November 17th, 1913, and will then be opened and publicly read. They should be addressed to P. Q. Moore, Mayor, of City of Wilmington, and endorserd "Proposal to Pave Sidewalks."

and endorsed "Proposal to Pave Sideasked will consist of doing sidewalks paving in the City of Wilmington and will amount to approximately 800 square yards, but the right is reserved to increase or diminish this amount. Each proposal must be accompanied by a certified check in the sum of $50.00 made payable to the Mayor of the City of Wilmington. Specifications may be obtained at the office of the City Engineer. The right is reserved to reject any and all bids.

P. Q. MOORE, Mayor.

F. F. PILLET, City Engineer.

HUERTA'S ELIMINATION A MATTER OF DAYS

(Continued from Page One.)

Washington today and immediately paid a visit to Sir Edward Grey, British foreign secretary. They remained in conference for some time.

The visits and the cablegrams from Washington are believed to be the result of an understanding between Great Britain and the United States that neither shall do anything concerning Mexico without informing the other. As far as Great Britain is concerned, however, she has agreed to leave matters in the hands of the United States, on the understanding that the latter will do its best to protect the lives and property of British subjects in Mexico.

Lind at Vera Cruz.

Vera Cruz, Nov. 13.—John Lind, accompanied by Capt. James A. Burnside, American military attache, arrived here today and took up his quarters at the United States consulate. Mr. Lind would not discuss the situation or say how long he would remain in Vera Cruz.

Chester in Mexican Waters.

Vera Cruz, November 13.—The United States scout cruiser Chester arrived here from Philadelphia today. More than 100 American refugees from Mexico City reached here today. Many of them are embarking for Havana. Most of the remainder are awaiting steamers.

Join Rebels.

Nogales, Sonora, Nov. 13.—Ramond R. Ralsales, Governor of Hidalgo under the Madero government, arrived tonight and announced he had come to join General Carranza. He has been a fugitive in Cuba and the United States since the overthrow of the Madero government. Senor Rolsales said the revolutionary movement was gaining a strong foothold in his State, as he asserted it was in all parts of Mexico.

CONVENTION ADJOURNED

(Continued from Page One.)

Bryan and the part he took in the election of Blair Lee as United States Senator from Maryland when the resolution was drawn.

Although the convention is over the temperance convention will continue tomorrow. Delegates will join in inaugurating a definite programme for securing the prohibition amendment. A delegation of 1,000 or more will be named to go to Washington and present the prohibition amendment to Congress and President Wilson.

Dr. Hurley A. Baker was re-elected National superintendent of the Anti-Saloon League for two years. Almost at the same hour that Rev. U. G. Robinson, of St. Louis, was chosen on the National board of trustees, a suit asking $50,000 damages for criminal libel was filed in Franklin county courts against him by W. E. Johnson, of Westerville, O., editor of the New Republican Anti-Saloon League publication. Mr. Robinson, former State superintendent of the Anti-Saloon League in Missouri, is alleged to have criticised the policies of the league and attacked the personal character of its officials.

Bishop Lester B. Wilson, of New York, was re-elected National president of the league today.

S. E. Nicholson, Richmond, Ind., was elected secretary and Foster Copeland, Columbus, treasurer. Under the new constitution they will take office June 1, 1914.

The resolution committee of the league today endorsed the candidacy of Richmond Pearson Hobson, of Alabama, for United States Senator from that State over Oscar W. Underwood, majority leader in Congress.

Donald C. McMillen, of Tampa, Fla., who introduced the resolution, declared that he knew Underwood's connection with the liquor interests made him an impossible candidate" from the Anti-Saloon League's point of view.

Former Governor J. Frank Hanly, of Indiana, in a speech before the convention also endorsed Hobson's candidacy.

KILLED BY INFURIATED COW.

Mrs. Fletcher, of Near Durham, Meets With Tragic Death.

Raleigh, N. C., November 13.—Gored through the head by an infuriated cow, her clothes nearly torn from her body, Mrs. J. D. Fletcher, 60 years of age, wife of the United States farm demonstrator, met a horrible death late this afternoon at her home six miles from Durham.

Mrs. Fletcher was found lying in the door of a stable by her son and nephew who stopped to visit her on their way home, her bonnet on the inside of the cow's stall. She was in the agonies of death and died a few minutes later. Her husband was away from home and the supposition is that Mrs. Fletcher went to the stable to do the evening milking.

GOETHALS NOT TO RETIRE.

Chief Engineer of Panama Canal is to Stay on Job.

Washington, Nov. 13.—Col. George Goethals, chief engineer of the Panama Canal, is not to retire as has been reported recently. On the contrary, he is on terms of the closest friendship with President Wilson, Secretary Garrison and the Washington administration. This was made plain today by President Wilson himself.

The President had expected to visit the Canal Zone last Summer before the water was let into the ditch, but legislative developments in Washington prevented. He let it be known today that he saw no particular occasion for a visit now until January 1915, when the ceremony of opening the canal is planned.

RETAIN AMERICAN.

As District Governor of Lanao, at Request of Moro Chiefs.

Manila, Nov. 13.—Governor General Francis Burton Harrison, on his arrival today at Camp Overton, Mindanao, was greeted by seventy Moro chieftains in gala costumes. They petitioned him to maintain in office the American district Governor of Lanao, Major Henry Gilscheuser, of the Constabulary.

In his reply, Governor General Harrison said he would continue the system of American district and provincial Governors.

TO RELIEF OF INDIANS.

Revenue Cutter Carries Medicine to Measles-stricken Islands.

Seattle, Wash., November 13.—The revenue cutter Tahoma sailed for Kodiak Island today with medical and other supplies for the villages where Indians have been stricken by measles. Two hundred and fifty cases and 13 deaths have been reported and the Governor of Alaska appealed to the Federal government for assistance.

Trinidad, Colo., Nov. 13.—Adjutant Gen. Chase issued an order this afternoon prohibiting the sale of firearms in the entire coal mine disaster. Importation of arms is also forbidden.

PRIZES AWARDED AT FAIR

(Continued from Page Five).

Point Lace Flour—Mrs. W. A. Davis.
Best Bread or Rolls made from Point Lace Flour—Mrs. J. D. Price.
Best Bread or Rolls made from Belle of Wilmington Flour—Mrs. A. E. Townsend.
Most Attractive Gelatine—Mrs. B. R. Dunn.
Best pound of Candy made by adult—Mrs. Edwin Bunting.
Best Croquettes—Mrs. F. W. Foster.
Best Oil Painting by adult—Miss Eunice Andrews.
Best water color by adult—Mrs. W. A. French.
Best Pastel—Miss Lila Keith.

Best original story written by child from 12 to 18—Alice Virginia Farmer, age 13.
Best biographical sketch written by child under 12 years—Mary Lizzie Hines, age 9. Life of Lincoln.
Best biographical sketch written by child from 12 to 18 years—Annie Newton, age 15. Robert E. Lee.
Best historical sketch written by child from 12 to 18 years—Carrie McKinnis, age 13. Special mention.

The judges of the essays submitted by the school children were Mrs. J. B. Cranmer, Mrs. J. H. Foster and Mrs. E. M. Gregg. The judges in the other departments were not announced.

The judges of the exhibits of Sorosis judged all the articles by number, and the identity of the person who had the articles on display was not made known until after the articles awarded prizes were named.

Miss Lucy B. Moore, who had a most creditable exhibit of flowers on display did not compete for any prize in this department and her display was not taken into consideration in awarding the prizes.

While no actual account of the number of visitors to the fair during the three days that it was in progress was made a conservative estimate made by a number of citizens last night placed it at 12,000. Had there been more room the number would undoubtedly have been larger as many were unable to get into the building on a number of occasions when it was crowded to its utmost capacity.

Little Edwin W. Taylor, Jr., of Winnabow, the baby who scored the highest number of points in the Better Babies' Contest and won the medal, was on exhibition yesterday, and was the recipient of many warm congratulations from the hundreds of visitors. It was of interest to many to know that he is a native of Wilmington, having been born at Harper's Sanitarium.

W. C. T. U. PROTEST.

Don't Want Oration Over Brewer's Body in Congressional Record.

Washington, November 13.—Speaker Clark today dropped into the bill hopper of the House a protest from the National Women's Christian Temperance Union against placing in the permanent Congressional Record the funeral oration pronounced over the remains of the late Adolphus Busch, a brewer of St. Louis." The protest set forth that a resolution to that effect was passed at a convention of the organization at Asbury Park, N. J., representing 300,000 women.

ROOSEVELT IN THE SOUTH.

Assistant Secretary of Navy to New Orleans and Biloxi.

Washington, Nov. 13.—Assistant Secretary Roosevelt, of the Navy left today for a week's trip to the South. On Saturday he will inspect the New Orleans navy yard. He will spend Sunday in Biloxi, Miss., going on Monday to Pensacola to inspect the naval reservation there which has proposed as a site an advanced naval base. Mr. Roosevelt will speak at the chamber of commerce banquet in Brunswick, Ga., next Tuesday evening.

PELLAGRA AT SPARTANBURG.

More Deaths From That Disease Than Any Other.

Spartanburg, S. C., Nov. 13.—Pellagra caused more deaths in Spartanburg the past year than any other disease, according to statistics made public today by the board of health. Tuberculosis formerly was the most deadly malady.

The virulence of pellagra is decreasing with the approach of cold weather and government physicians, here to combat the disease, are preparing to leave.

PECULIAR ACCIDENT.

Car Does Acrobatic Feats Upon Tender—No One Hurt.

Joliet, Ill., Nov. 13.—Running 40 miles an hour a Santa Fe train carrying many passengers, ran through an open switch in Joliet today, but outside of slight injuries to theh engineer when the engine plunged 30 feet to the street below, no one was hurt. The first coach alighted on top of the engine and retained its balance. Officials pronounced it the strangest wreck in the road's history.

New York, November 13.—Two hundred and seventy dollars for boxing lessons and a course in physical training is the largest item contained in the campaign expense account of Mayor-elect John Purroy Mitchel, filed today. The memorandum does not state why Mr. Mitchel thought it necessary to learn how to box.

Granulated Eyelids Cured.

The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. Relieves pain and heals at the same time. 25c. 50c, $1.00. (advertisement.)

TWO BOARDS GET TOGETHER

(Continued from Page Five.)

transfer of the sanitary work to the city. The Council as a body ratified the action of the committee, making it binding on all members alike.

It was contended by Councilmen Wood, Merritt and Jones that the subsequent change in the health law by the Legislature abrogated the agreement. Some one asked Senator Bellamy if the amendment to the law abrogated the agreement and he replied that from a legal standpoint it did; as to the moral question involved it was for the men who signed the agreement to say whether they felt morally bound by it. Councilman Jones, Wood and Merritt did not recognize the existence of any moral obligation on the part of the Council or the members who signed the agreement.

They stated emphatically that the Commissioners need not prolong the discussion as they had decided not to budge from $2,500. During the discussion Councilman Chadwick voiced the sentiment of probably nine-tenths of the people of Wilmington, when he declared that he was "sick and tired of the whole thing"; that full grown business men were wasting valuable time in squabbling over little things, and urged the board to pass the appropriation. He said it was easy to get an appropriation for almost anything else, and when it comes to health, the most important of all, there is quibbling over a few dollars. Again declaring himself to be sick and tired of the whole business he took his seat. Councilman Loughlin also strongly urged that the Council pass the budget with the larger salary for the superintendent as it amounted to only $260.

In a final effort to bring about an agreement between the two bodies on the single point then at issue, Mayor Moore proposed that they pay the superintendent at the rate of $2,750 a year, which he said would be a fair compromise. The Commissioners were willing but the Council would not agree to it.

When it was seen that Councilmen Wood, Jones and Merritt would not recede from their position the discussion of the subject was dropped.

Mr. Willard reminded the Council that there is a balance due the board of Health from the city of $166 and asked that it be paid or that Council decline it so that the books in the health department may be relieved of the account, one way or the other.

Councilman Merritt stated that the Board of Health had never paid the city its four-fifths of the amount collected for scavenging work. Mr. Willard said that it took all that was collected in addition to the appropriation to pay the expenses of the scavenging work and this, he said, is shown by the report of the auditor, a copy of which had been furnished the board.

Mayor Moore said that he would take up with the Council within the next few days the question of the balance claimed by the Board of Health. The meeting then adjourned.

Present at the conference were Mayor Moore, who presided; Chairman Willard, Messrs. Walter E. Yopp, W. A. McGirt and L. W. Moore, of the Board of Commissioners; Councilmen Merritt, Loughlin, Jones, Wood and Chadwick; Dr. J. B. Cranmer, member of the Board of Health; State Senator Marsden Bellamy.

Musical Concert Tomorrow Night.

Hundreds of music lovers in the city are looking forward with the greatest pleasure to having the opportunity of hearing the well known Kneisel Quartette, one of the best musical organizations now touring the South, in Memorial Hall at St. Andrew's Presbyterian church tomorow night. The members of the Quartette are Franz Kneisel, the leader; Louis Svecenski, viola; Hans Letz, the second violin, and William Willike, violoncello. Frieda Siemens, pianist, will appear with the quartette as soloist. All are musicians of ability, and their appearance here will be an event of the greatest interest in musical circles.

Rock Island, Ill., Nov. 14.—The 1914 annual convention of the Modern Woodmen of America today was awarded to Toledo, Ohio, by the executive council of the fraternity in session here. The meeting at which the rate fight will likely be finally settled will open June 16th.

Business Locals

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge a Western Union Messenger to any address in the city, for advertisements in this department, upon request by 'phone to No. 51. Messengers will also call for Telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, or advertisements for the Star, but a small charge for strictly Messenger Service. Telephone subscribers may at any time telephone their telegrams and bills will be rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union," but for advertisements always call the Star office, No. 51. Locals cannot be taken over the telephone—but upon request messenger will be dispatched to any part of the city for them.
